

30 REASONS **for** BLACK PEOPLE **to**
CLAIM REPARATIONS **in** AMERICA!

SINCE OTHERS got **REPARATIONS**
BEFORE BLACK PEOPLE!!

Which was Totally Wrong, **Unfair**, and
Unjust, because Black People were **Hurt**
First, and Much **Worse**, and Much **Longer!!!**

⋮ 30 REASONS for BLACKS to CLAIM REPARATIONS in AMERICA

By Comparing Violations Others Encountered to get Reparations Before Blacks
To these Much More Harmful and Longer Lasting Crimes Blacks had to Endure

1. **Racism/White Supremacy (R/W) ::** it caused Africa and Black people to experience invasions, colonization, and exploitation for hundreds and thousands of years. Propaganda and time shifted R/W into Conferred Dominance, American Racist Socialization, Unearned White Privilege, and Black Oppression. Preventing blacks from acquiring their own sovereign land and using their annual 1 \$Trillion income, to build safe cities with institutions to serve their needs. R/W stifled and impaired spiritual, cultural, social, family, and economic foundations and stability!
2. **The African Holocaust/MAAFA ::** was caused by extended periods of casualties and fatalities on Slave Ports, on Slave Ships, in the Middle Passage, Slave Breaking Colonies, and in Slavery; forcefully taken from their homeland; losing their identity by forcefully replacing their native names, languages, tribal and family units; customs, values, traditions, and culture; forced to fight in **wars**, then forced to return home to bigotry; revealing 600 million blacks were killed; and they prolong the African Holocaust to this day, forging the **MAAFA** or **MAAGAMIZI**!
3. **Psychological Damage ::** caused by enduring wrongful repulsive acts, lies, and deceit, going back as far as Plotting African Invasions in 407 BC, which included whitewashing biblical writings, reflected in the Myth of the Curse of Ham. Inflated by evil activities on Goree Island, and ingrained by U.S. Brutal Chattel Slavery!
4. **The Pope and the Church, the Rothschilds and the Jews ::** for their role in (aiding and, not speaking out against slavery), and (accumulating wealth in trillions), off record from slavery.
5. **Faith Based Initiatives and 501(c3) Programs ::** forcing Black Churches, Organizations, and Leaders out of the struggle for equality, excluding or limiting their participation in collective movement, to help their own people with thoughts of losing that government funding!
6. **Slavery in Three Terms ::** 1st in economics, withholding their wages and denying them wealth they created from crops and products, 2nd in laws, passing slave laws, codes, policies and restrictive covenants to maintain control and abusive treatment, and 3rd producing racist writings like the Willie Lynch Letter, and the Bell Curve, which were sad excuses for controlling black slaves, and producing false information on intelligence labeling blacks as inferior in that capacity!
7. **Failures of Reconstruction, Share Cropping, and Integration ::** after slavery blacks were given false promises in hopes for equality via emancipation. They were fed lies and tricks to keep hope alive, and forced to accept being used as folk for labor, taxes, war, and entertainment!
8. **Jim Crow Segregation ::** forcing Black people to live in overcrowded, insect infested, underserved ghettos. Black people were victimized by a racist system, that operated through separate, but not equal policies in public places, and social institutions, and blacks received very poor to null and void education and social services for generations!
9. **Enraged White Racist Attacks, Bombings, and Massacres ::** of Black Towns, Churches, Institutions and Homes, from Fannie Lou Hamer's and Dr. King's, to the Alabama Church, where we lost 4 young innocent black girls, to the evil recent string of Church bombings!

10. **KKK Terrorism, Lynching's, Nooses Hanging, Crosses Burning, the White Citizens Council, the John Birch Society, and Police Gangs ::** among other hate crimes and groups, who killed blacks, crushed their plans to reach equality, and prevented them from peace and progress!
11. **The Freedmen's Bureau Murders and Bank Thefts ::** where thousands of blacks were killed as Freedom Fighters, and millions of dollars and acres of land were stolen from them way back in the 1800's. These are crime that should be exposed and talked about for the next 50 years!
12. **Stolen Legacy ::** being left out of history, never receiving credit or compensation for their contributions and inventions, causing gross ethnic poverty and dire racial oppression, and leaving them without structure, and proper conscious political representation or participation!
13. **The Red Summer ::** In the summer of 1919 the country went up in smoke as white mobs burned black towns and killed African-Americans all across this nation!
14. **Institutional Racism ::** systematically using social and legal systems and institutions as a structure to deny African-Americans access to equal and quality housing, employment, health-care and education, and big business, and from getting loans for small business, and like purposes!
15. **Discrimination ::** the common practices of denying blacks jobs, and keeping white preferential treatment, separating the races, and upheld by protocols to maintain the status quo!
16. **Genocide ::** creating and allowing drugs and viruses to spread while concealing the cure. Population control aggressively imposes death and destruction via Abortion, AIDS, Experiments, Psychiatric Treatments, and other types of legal and illegal drugs and actions which harm blacks!
17. **Corruption and Divisions ::** Corruption is costing this nation billions every year, which could be used to create reparations programs. The system is at fault and instead of acting to stop this insanity, they compound that madness by using strategies to increase confusion and divisions among blacks. They use uncle toms, sellouts, and agent provocateurs to keep blacks from uniting, organizing, and collectively engaging dialogue and studies to improve the system, (Integration)!
18. **Assassination and Silencing of Great Black Leaders ::** Martin, Malcolm, Marcus, Medgar, and Ron Brown to name a few. Leaving a great void in black leadership, and losing plans for economic development and maintenance for Black people in America, Africa, and globally!
19. **Cointelpro and Operation Fruhmension ::** as well as other government-funded programs in the 50s, 60s, and 70s, that operated out of government agencies, designed to destroy Black Churches, Organizations, Politicians, Leaders, and the Black Race in general. That is real racism!
20. **The Black Matrix ::** exposing the government program after the Civil Rights Movement that secretly implemented tactics to control and put fear in blacks, to maintain white dominance, and privilege, and to preserve black oppression! This is real racism exposed by F. Jones!
21. **Civil Rights Violations ::** like the Bush Jr. presidential elections, Jena 6 injustice, and Hurricanes Katrina and Rita aftermath, and distress from personal attacks like Author McDuffie, Lavena Johnson, and George Floyd. Missing and unsolved murders in wars, cities, swamps, and jails; and promising black high school students mysteriously killed, and the Atlanta child murders!
22. **Mis-Appropriation of Taxes ::** where billions of dollars are spent annually on the military, NASA, and international affairs particularly Israel, in addition to excessive allocations for law enforcement agencies, experiments, and research programs. {Blacks should use their taxes to form their own government, and build their own elite and safe repatriated and sovereign cities,

at home and abroad. Black people should also be exempt from paying taxes, and get tax credits as two reparations awards and concession}!

23. **Gentrification ::** deceiving, lying, and planning to steal property from blacks where they lived for generations, in the name of eminent domain and redevelopment all across America!

24. **Deceitful U.S. Emergency Relief and Disaster Agencies ::** not complying with their mission statements, or expectations of those who need them after tragedies! Misusing and stealing billions of dollars in aid, and donations that was meant to help Black people after natural disasters!

25. **Presidential Damage ::** (Andrew Johnson vetoed 40 acres and a mule, Nixon breaking up black families, Reagan reversing civil rights gains, Clinton giving high proportions of unjust imprisonment, Bush Sr. & Jr. flooding our communities with drugs and diseases, and pricing oil for criminal profits. For Obama not securing reparations for blacks, and for Trump telling vicious lies, hating on Black people, and instigating the January 6th insurrection!

26. **Making Sell Outs ::** by using lying and sneaky individuals like Clarence Thomas and Ward Connerly against affirmative-action, and ego inflated self-righteous people like Roland Martin against reparations, and now funding Larry Elder the HNIC of all sell outs!

27. **Negative and Degrading Images, Propaganda, and Stereo Types ::** having blacks portrayed as uncivil and illiterate in pictures, schools, and in society. African-Americans are also degraded, and misrepresented in motion pictures, music, and every other form of mass communication. You should also know they used degrading images, as part of a plan to create harmful stereotypes, and propaganda!

28. **Lack of Power ::** not ever being able to protect themselves from racist attacks, ensure accountability against those perpetrators, or provide opportunities for quality education, employment, housing, and health care for the masses of their people, themselves. (We should form the AARS Congress, then take a Plebiscite Vote among blacks only 18 and older, to claim and implement AARS to improve integration, and police and race relations, expand repatriation, and create sovereignty for belated justice).

29. *** Listing Others who have Received Reparations ::** who were not damaged nearly as bad or nearly as long as Black people, and that is not fair, and is it socially and politically incorrect.

30. **** Because the Government has not Enforced Proposals, Constitutional Amendments (13, 14 or 15), Laws, Policies, or Reports ::** for protection, or which would have led blacks to equality. This is compounded by the government refusing to update or remove laws enacted since slavery, intentionally designed to disenfranchise Black people, oppress them, and prevent equality.

Reparations for Fairness and Justice,
Brotha Cliff Pruitt

PS: There are many more reasons which are not listed, that we must reflect on, such as the \$600T worth of assets, resources, and substances stolen out of Africa, over the last 2000 years; the pain and suffering causing acute and severe emotional and psychological damage; the deplorable media propaganda inciting riots after the police kill Black people! the faulty plane where we lost Ron Brown and many, many other Great Black Leaders; the mysterious deaths of Dr. Zears Miles

and Dr. Sebi after decades of dedicated service; secretly destroying Black Families via affirmative action and welfare; the Tuskegee Syphilis experiment; for allowing the talented tenth or 10% of blacks to join their social clubs to help white society; while making 2% of black folks sellouts to confuse, divide, and conquer Black people.

Black people are in renewed danger in America from folks in **Florida** who want to **eliminate Black History and Studies**, folks in **Mississippi** who want to reinstate **segregation**, folks in **Memphis** where black police killed a black man, indicating a rise in police brutality and black-on-black crime, and know they want to let **Trump** run for president again, after being caught telling more than **16,000 lies**, convicted of 34 **criminal counts**, paying **a common hooker**, **evading** taxes, and **inciting a riot** putting government officials in danger. The country is not moving forward towards racial equality, it is moving backwards towards racial subjugation. Those are cases which have a negative impact on the entire black race, so all Black people deserve and should get AARS reparations. So, Black people need reparations now, because White people have all the power. So, if they continue to think badly about blacks, they will continue to treat blacks bad. The way White people think about us and treat us, is totally despicable, so we should explore and examine the 3 AARS models of reparations for safety, sovereignty, and independence!

We should also pay close attention to this immigration issue, because it has become a serious problem for blacks and others in America. They are encroaching on property and in cities which have been traditionally populated by black folks, and they are getting way too many jobs and services which have been traditionally reserved for black folks. If I were president, I would mention the ideal situation to the mexican president, would be to provide a plan where their government could work with foreign agencies, and the mexican cartels, to pool resources to provide adequate jobs, houses, and descent living conditions for Mexicans in Mexico. Then they will stop leaving their country, and they would want to stay home with their families and friends, in their own familiar culture and in their familiar surroundings. That kind of plan may even help with cartel issues in Mexico, because their country is having leadership and survival issues with cartels, and immigrants are causing way too many problems for blacks and others in America!

We should also reflect on positive books that would benefit the masses of black folks like Black Theology by James Cone, Blueprint for Black Power by Amos Wilson, and **the call for Black Reparations by Caucasians** United for Reparations and Emancipation (CURE). Those entities offer ways and means for those guilty of committing crimes against humanity, including black slavery, to make amends for their violations. They also offer proposals for blacks to reach equality in integration, and to secure their own land to guarantee repatriation and sovereignty, for Black people. Repatriation and Sovereignty represents liberation and independence for all Black people. That is why we emphasize the AAIU represents all good elements for the masses of Black people, and their KRP utilizes spreading knowledge, so blacks get respect, reparations, and reconciliation. We ask everyone 18 and older to please circulate, read, and study the AARS summaries and plan, to prepare for National and Global Dialogue on the AARS Global Black Reparations Plan Summary Docs. Find the AARS summary docs on the homepage.
