UCLA practice doesn't open until today, but Wednesday Cliff Pruitt was showing mid-season form in front of freshman Brad Wright at Pauley Pavilion.

Blazers hope Pruitt brings happy days back to UAB again

Pruitt. "He loves this," said Brown, referring to pressure games. "He lives for games like this."

PRUITT, PROBABLY was the country's tallest point guard a year ago. Hawthorne tabs the 6-8 whiz. "Mr. Everything. Can handle ball like a guard. Shooting range up to 22 feet." He terms classmate Lewis.

I was fortunate to have been blessed with intelligence and athletic ability. I graduated from high school with honors and I graduated from college in a most honorable fashion. Even though I was in the middle of adversity on both levels I was able to excel in basketball and won many championships and most valuable player trophies. The winning kept me blind to the politics that was going on behind my back, which would prove to be the downfall of my career.

The disappointment I had to face would have been overbearing had it not been for my parents. I truly love my parents for this and I will always be grateful to them. The people who used politics to Black Ball me created controversy around me that had no premise. Sports is a dog eat dog business so some coaches and players participate in politics for their own benefit. They do not care if they hurt one or more athletes or their loved ones. The disturbing fact is that this same phenomena occurs in society. Whites and Jews own everything so they can pick and choose who they want to let into their business and at what positions, while Blacks have little if any say. This causes some Blacks to kiss ass, lie and/or snitch to get favors from those in power, which is politics. My roller coaster experience in sports, my leadership skills and my understanding of the history of this country have inspired me to fight for justice, so that Blacks can gain equality in all spheres of society and begin to help as opposed to hurt one another.

Brotha Cliff Pruitt; As a Long Time Reparations Advocate I have heard many Pro and Con Debates on Reparations - African-Americans and all Black People should Claim and Endorse One Reparations Plan; AARS - Then we Unite most Blacks and their allies Globally to Constantly and Relentlessly Dialogue on and Demand AARS via the KRP - Until the U.S. Government Ratifies AARS for Justice for African-Americans and all Black People - AARS is Spiritual Guidance for Global Black Unity - Generating Wealth to Fund AARS and Land to Build Elite Safe Cities ASAP!
