

1 30 REASONS **for** BLACKS **to** CLAIM
2 REPARATIONS at HOME and ABROAD!

11
12
13
14 SINCE OTHERS got REPARATIONS
15 BEFORE AFRICA and BLACK PEOPLE!!

25 Which was Totally **Wrong** Because Blacks were
26 Hurt **First** and Much **Worse** and Much **Longer!!!**

1
2 :: 30 REASONS for BLACKS to CLAIM REPARATIONS

3 * By Comparing Reasons as to why Others got Reparations Before Blacks
4 To these Much More Harmful and Longer Lasting Crimes Blacks had to Endure
5

- 6 1. **Racism/White Supremacy (R/W) ::** it caused Africa and Black People to experience
7 invasions, colonization, and exploitation for hundreds and thousands of years. Propaganda and
8 time shifted R/W into Conferred Dominance, American Racist Socialization, Unearned White
9 Privilege, and Black Oppression. Preventing blacks from acquiring their own sovereign land and
10 using their annual 1 \$Trillion income, to build safe cities with institutions to serve their needs.
11 R/W stifled and impaired spiritual, cultural, social, family, and economic foundations and stability!
12 2. **The African Holocaust/MAAFA ::** was caused by extended periods of casualties and
13 fatalities on Slave Ports, on Slave Ships, in the Middle Passage, Slave Breaking Colonies, and in
14 Slavery; forcefully taken from their homeland; losing their identity by forcefully replacing their
15 native names, languages, tribal and family units; customs, values, traditions, and culture; forced
16 to fight in **wars**, then forced to return home to bigotry; revealing 600 million blacks were killed;
17 and they prolong the African Holocaust to this day, forging the **MAAFA** or **MAAGAMIZI**!
18 3. **Psychological Damage ::** caused by enduring wrongful repulsive acts, lies, and deceit,
19 going back as far as Plotting African Invasions in 407 BC, which included whitewashing biblical
20 writings, reflected in the Myth of the Curse of Ham. Inflated by evil activities on Goree Island,
21 and ingrained by U.S. Brutal Chattel Slavery!
22 4. **The Pope and the Church, the Rothschilds and the Jews ::** for their role in (aiding and,
23 not speaking out against slavery), and (accumulating wealth in trillions), off record from slavery.
24 5. **Faith Based Initiatives and 501(c3) Programs ::** forcing Black Churches, Organizations,
25 and Leaders out of the struggle for equality, excluding or limiting their participation in collective
26 movement, to help their own people with thoughts of losing that government funding!
27 6. **Slavery in Three Terms ::** 1st in economics, withholding their wages and denying them
28 wealth they created from crops and products, 2nd in laws, passing slave laws, codes, policies and
29 restrictive covenants to maintain control and abusive treatment, and 3rd producing racist writings
30 like the Willie Lynch Letter, and the Bell Curve, which were sad excuses for controlling black
31 slaves, and producing false information on intelligence labeling blacks as inferior in that capacity!
32 7. **Failures of Reconstruction, Share Cropping, and Integration ::** after slavery blacks
33 were given false promises in hopes for equality via emancipation. They were fed lies and tricks
34 to keep hope alive, and forced to accept being used as folk for labor, taxes, war, and entertainment!
35 8. **Jim Crow Segregation ::** forcing Black People to live in overcrowded, insect infested,
36 underserved ghettos. Black People were victimized by a racist system, that operated through
37 separate, but not equal policies in public places, and social institutions, and blacks received very
38 poor to null and void education and social services for generations!

- 1 9. **Enraged White Racist Attacks, Bombings, and Massacres ::** of Black Towns,
2 Churches, Institutions and Homes, from Fannie Lou Hamer's and Dr. King's, to the Alabama
3 Church, where we lost 4 young innocent black girls, to the evil recent string of Church bombings!
- 4 10. **KKK Terrorism, Lynching's, Nooses Hanging, Crosses Burning, the White Citizens**
5 **Council, the John Birch Society, and Police Gangs ::** among other hate crimes and groups, who
6 killed blacks, crushed their plans to reach equality, and prevented them from peace and progress!
- 7 11. **The Freedmen's Bureau Murders and Bank Thefts ::** where thousands of blacks were
8 killed as Freedom Fighters, and millions of dollars and acres of land were stolen from them way
9 back in the 1800's. These are crime that should be exposed and talked about for the next 50 years!
- 10 12. **Stolen Legacy ::** being left out of history, never receiving credit or compensation for their
11 contributions and inventions, causing gross ethnic poverty and dire racial oppression, and leaving
12 them without structure, and proper conscious political representation or participation!
- 13 13. **The Red Summer ::** In the summer of 1919 the country went up in smoke as white mobs
14 burned black towns and killed African-Americans all across this nation!
- 15 14. **Institutional Racism ::** systematically using social and legal systems and institutions as
16 a structure to deny African-Americans access to equal and quality housing, employment, health-
17 care and education, and big business, and from getting loans for small business, and like purposes!
- 18 15. **Discrimination ::** the common practices of denying blacks jobs, and keeping white
19 preferential treatment, separating the races, and upheld by protocols to maintain the status quo!
- 20 16. **Genocide ::** creating and allowing drugs and viruses to spread while concealing the cure.
21 Population control aggressively imposes death and destruction via Abortion, AIDS, Experiments,
22 Psychiatric Treatments, and other types of legal and illegal drugs and actions which harm blacks!
- 23 17. **Corruption and Divisions ::** Corruption is costing this nation billions every year, which
24 could be used to create reparations programs. The system is at fault and instead of acting to stop
25 this insanity, they compound that madness by using strategies to increase confusion and divisions
26 among blacks. They use uncle toms, sellouts, and agent provocateurs to keep blacks from uniting,
27 organizing, and collectively engaging dialogue and studies to improve the system, (Integration)!
- 28 18. **Assassination and Silencing of Great Black Leaders ::** Martin, Malcolm, Marcus, Medgar,
29 and Ron Brown to name a few. Leaving a great void in black leadership, and losing plans for
30 economic development and maintenance for Black People in America, Africa, and globally!
- 31 19. **Cointelpro and Operation Fruhmension ::** as well as other government-funded programs
32 in the 50s, 60s, and 70s, that operated out of government agencies, designed to destroy Black
33 Churches, Organizations, Politicians, Leaders, and the Black Race in general. That is real racism!
- 34 20. **The Black Matrix ::** exposing the government program after the Civil Rights Movement
35 that secretly implemented tactics to control and put fear in blacks, to maintain white dominance,
36 and privilege, and to preserve black oppression! This is real racism exposed by F. Jones!
- 37 21. **Civil Rights Violations ::** like the Bush Jr. presidential elections, Jena 6 injustice, and
38 Hurricanes Katrina and Rita aftermath, and distress from personal attacks like Author McDuffie,
39 Lavena Johnson, and George Floyd. Missing and unsolved murders in wars, cities, swamps, and
40 jails; and promising black high school students mysteriously killed, and the Atlanta child murders!

22. **Mis-Appropriation of Taxes ::** where billions of dollars are spent annually on the military, NASA, and international affairs particularly Israel, in addition to excessive allocations for law enforcement agencies, experiments, and research programs. {Blacks should use their taxes to form their own government, and build their own elite and safe repatriated and sovereign cities, at home and abroad. Black People should also be exempt from paying taxes, and get tax credits as two reparations awards and concession}!

23. **Gentrification ::** deceiving, lying, and planning to steal property from blacks where they lived for generations, in the name of eminent domain and redevelopment all across America!

24. **Deceitful U.S. Emergency Relief and Disaster Agencies ::** not complying with their mission statements, or expectations of those who need them after tragedies! Misusing and stealing billions of dollars in aid, and donations that was meant to help Black People after natural disasters!

25. **Presidential Damage ::** (Andrew Jackson vetoed 40 acres and a mule, Nixon breaking up black families, Reagan reversing civil rights gains, Clinton giving high proportions of unjust imprisonment, Bush Sr. & Jr. flooding our communities with drugs and diseases, and pricing oil for criminal profits. For Obama not securing reparations for blacks, and for Trump telling vicious lies, hating on Black People, and instigating the January 6th insurrection!

26. **Making Sell Outs ::** by using lying and sneaky individuals like Clarence Thomas and Ward Connerly against affirmative-action, and ego inflated self-righteous people like Roland Martin against reparations, and now funding Larry Elder the HNIC of all sell outs!

27. **Negative and Degrading Images, Propaganda, and Stereo Types ::** having blacks portrayed as uncivil and illiterate in pictures, schools, and in society. African-Americans are also degraded, and misrepresented in motion pictures, music, and every other form of mass communication. You should also know they used degrading images, as part of a plan to create harmful stereotypes, and propaganda!

28. **Lack of Power ::** not ever being able to protect themselves from racist attacks, ensure accountability against those perpetrators, or provide opportunities for quality education, employment, housing, and health care for the masses of their people, themselves. (We should form the AARS Congress, then take a Plebiscite Vote among blacks only 18 and older, to claim and implement AARS to improve integration, and police and race relations, expand repatriation, and create sovereignty for belated justice).

29. *** Listing Others who have Received Reparations ::** who were not damaged nearly as bad or nearly as long as Black People, and that is not fair, and is it socially and politically incorrect.

30. **** Because the Government has not Enforced Proposals, Constitutional Amendments (13, 14 or 15), Laws, Policies, or Reports ::** for protection, or which would have led blacks to equality. This is compounded by the government refusing to update or remove laws enacted since slavery, intentionally designed to disenfranchise Black People, oppress them, and prevent equality.

There are many more reasons which are not listed, that we should reflect on and consider for damages, such as the hundreds of trillions of dollars worth of assets, resources, and substances stolen out of Africa over the last 2000 years;

1 The pain and suffering and loss of tens of millions of lives from Africans resisting
2 beatings, killings, captivity and displacement; by jumping overboard and going on
3 hunger strikes on slave ships. Most of the Africans died from disease, deplorable
4 conditions, and downright cruelty and brutality during the middle passage. The
5 miserable journey on inhumane slave ships, caused acute emotional trauma and
6 degenerative psychological damage;
7 The propaganda designed and used to incite protests and riots, after police assault
8 and kill innocent and unarmed Black People like Rodney King and George Floyd;
9 The faulty plane crash swept under the rug where we lost Ron Brown and many,
10 many other Great African-American and Black Leaders;
11 The mysterious deaths of Dr. Zears Miles and Dr. Sebi after decades of dedicating
12 their life's work and service to help all human beings;
13 How they secretly destroy Black Families via affirmative action, welfare, and other
14 social assistance programs;
15 The Tuskegee Syphilis Experiment followed by AIDS and the Corona Virus,
16 intentionally set out to hurt Black People for generations;
17 For recruiting and coercing the talented tenth or top 10% of all blacks to join their
18 social clubs to help white society; while making too many blacks become sellouts,
19 to continue to confuse, divide, and conquer Black People.

20
21 African-Americans are living in clear and present danger in this nation today, because
22 conservatives in **Florida** want to **eliminate African-American and Black Studies Clubs and**
23 **Courses**; agitators in **Mississippi** want to **reinstate segregation**; secret groups in **Memphis**
24 where corrupt black police officers killed a good black man who had some dirt on them, indicating
25 a rise in police brutality and black-on-black crime; and know they want to let **Trump** become
26 president again, after being caught telling more than **16,000 lies**, convicted of **34 criminal counts**,
27 paying **a common hooker for dirty work**, **evading** taxes, and **inciting a riot** putting many
28 government officials in danger. Our country is not moving forward towards racial equality, it is
29 moving backwards towards racial segregation and subjugation.

30
31 Those are cases which have a negative impact on the entire black race, so all Black People are
32 hurt, so they all deserve and should get AARS reparations, ASAP! Now, Black People need
33 reparations to survive and live in peace, because Whites and Jews have oppressed blacks and kept
34 all the power. So, if they continue to think badly about blacks, they will continue to treat blacks
35 very badly. The way Whites and Jews think about blacks and treat blacks, is totally despicable,
36 so we should explore and examine the 3 AARS models of reparations for safety, sovereignty, and
37 independence!
38

1 We should also pay close attention to this immigration issue, because it has become
2 a serious problem for blacks and others in America. They are encroaching on
3 property and cities which have been traditionally populated by Black People, and
4 they are getting way too many jobs and services which have been traditionally
5 reserved for Black People. If I were president, I would mention the ideal situation
6 to the mexican president, would be to provide a plan where their government could
7 work with foreign agencies, and the mexican cartels, to pool resources to provide
8 adequate jobs, housing, and descent living conditions for Mexicans in Mexico. Then
9 they will stop leaving their country, and they would want to stay home with their
10 families and friends, in their own familiar culture, in their own familiar
11 surroundings. That kind of plan may even help with cartel issues in Mexico, because
12 their country is having leadership and survival issues in that arena, and immigrants
13 are causing way too many problems for blacks and others in America!

14
15 We should also reflect on positive books that would benefit the masses of Black
16 People; like Black Theology by James Cone; Blueprint for Black Power by Amos
17 Wilson, and **the Call for Black Reparations by Caucasians United for**
18 **Reparations and Emancipation (CURE)**. Those entities offer ways and means for
19 those guilty of committing crimes against humanity, including black colonialization
20 and slavery, to make amends for their crimes and transgressions. They also offer
21 proposals for blacks to reach equality in integration, and to secure their own land to
22 guarantee the option for repatriation and sovereignty, for all Black People.
23 Repatriation and Sovereignty represent liberation, independence, and self-rule and
24 self-governing for African-Americans and all Black People.

25
26 We emphasize AARS is good for all races and ethnicities. The KRP includes sharing
27 information, so blacks can quickly get respect, reparations, and reconciliation. We
28 ask everyone 18 and older to examine the 3 pertinent videos and 7 AARS Summary
29 Docs on the AAIU homepage at <https://aars.life> to prepare for the KRP as we
30 discuss the videos and docs. Then people will learn the value of AARS, and realize
31 AARS will help African-Americans, all Black People, and all others who want help.
