

REPARATIONS - We know some culprits profited much more than others, but we expect all culprits to pay their debt from their economy and reserves, and by participating in programs, to generate wealth to provide AARS reparations for Africa, African-Americans, and all Black People. AARS also offers an incentive for culprits to share the profits, in order to facilitate truth and reconciliation with all nations and races, who endorse, support, and promote AARS. **African-Americans and all Blacks in the U.S. 18 and Older should take the AAIU BPV;** electronically on this website; then all Black People abroad. {{The AAIU teaches people that land, liberation, freedom, improving integration, expanding repatriation, and creating sovereignty; are the only fair and just solutions for problems caused by invasions, colonialism, the middle passage, slavery, lynching, and segregation}}.

{{African-Americans and all Black People need spiritual guidance to self-actualize, by coping with ailments and vices which prevent reaching top mental and physical shape, to become the best person possible. We also use AARS to promote spiritual guidance to strive for unity at home and abroad; to use and create economic programs to generate wealth to close the wealth disparity gap; and to get government land grants to build new, elite, and safe cities at home and abroad}}.

People should learn and realize that Africans were severely impacted physiologically, emotionally, mentally, and psychologically, which was caused by losing their homeland, families, culture, heritage, identity, values and traditions. No other groups had to face and withstand so much evil, hurt, intent, malice, and pain and suffering, over such a long period of time. So, **Africans encountered a series of serious disasters** causing them to experience and endure many major losses, including displacement; so, recovery, repair, reforming, and transforming programs, are critical and crucial which AARS offers.

The AAIU and Their Allies Will Form the AARS CONGRESS as a POWER BASE to IMPLEMENT AARS. The AARS Congress will host **5-year case studies** on institutional racism, and also host **5-year programs for racism dialogue** focusing on police terrorism, to help slowly dissolve and eventually end racism and police terrorism. AARS will help Black People to improve integration, expand repatriation, and create sovereignty, so AARS is a reparations solution that should be accepted and appreciated by all culprits and victims of colonialism and slavery. Now, it is futile, redundant, and **government corruption**, to continue to try to produce or write any more reparations plans, because there are already too many to choose from. {{Trying to produce or write more reparations plans will only **cause confusion, delay justice, and may even diminish aid, amenities, and other vital resources, which were earned, well deserved, much needed, and long overdue,** to repair all the damage and ensure justice and satisfaction for the victims}}.

{{SO PLEASE DO NOT WRITE ANY MORE REPARATIONS PLANS - USE THE AAIU BPV TO CLAIM AARS or TO WRITE THE NAME OF THE REPARATIONS PLAN YOU PREFER - ON AND AT THE END OF THE BPV}}. African-Americans and all Black People should get therapy and treatments for mental illness, emotional trauma, and/or psychological injuries because of racism. So, most of them have **Subdued Emotional Trauma and/or Latent Psychological Damage**, due to experiencing major losses, and excessive cruelty and brutality from racism. That led to a life of misery, pain, and suffering for Africans, African-Americans, and all Black People, right here in America and globally!

So, Africa, African-Americans, and all Black People should get AARS reparations ASAP! for **enduring crimes against humanity!!** It is very important for everyone to learn and understand, **that no African-American or any black person, should have to prove anything to get reparations.** The damage done to Africa and Black People is too great for any proof to be required to receive reparations. {{The AARS Congress will eliminate all that irrational thinking, and **establish easy and reasonable ways for all blacks to qualify,** and be sure to provide reparations for Africa, African-Americans, and all Black People, and promote truth and reconciliation with all

others who endorse and promote AARS}}.

THE AARS CONGRESS Will BECOME an INSTITUTION to LAST FOREVER. AARS will work to guarantee transparency, so that all of Africa, all African-Americans, and all Black People will benefit from AARS reparations. ***{{The Mass Media Should use Their Platforms, to Host AARS Dialogue via the KRP as a Public Service Announcement and Commitment}}***. ***{{There is no way people should discuss reparations in secret behind closed doors, then claim success with no written account or report for proof! But that is the kind of Corruption that is Going on In the Reparations Arena}}***!! That is wrong, repugnant, and repulsive, so we should demand an end to those secret meetings and discuss reparations in public via the KRP. ***{{We Should Use the KRP for Serious and Constant - National and Global - Action and Dialogue - to Win AARS in One Year}}***. We Should also host AAIU town hall meetings and national conventions, via the KRP, to discuss and demand AARS, which would build momentum and apply pressure, on the U.S. Government to ratify AARS, ASAP! Everyone should engage in the KRP by scheduling programs to host AARS dialogue to learn the advantages and benefits of AARS for Africa, African-Americans, all Black People, and everyone else in America and globally, who endorses and promotes AARS.

May God Bless Us in calling on our ancestors, forefathers, elders, heroes and sheroes; and freedom fighters and political prisoners; in our prayers for spiritual guidance **to reunite** African-Americans, all Blacks in the U.S., and Our Allies, **to Forge a Massive and Consistent 2nd Civil Rights Movement (called the KRP)**, via the news and social media, to work as a quest in our mission to win AARS in one year. ***{{We pray for support for the AAIU, and to use the KRP to win AARS in one year, for peace and progress for the entire human family}}***.
