

BLACK HISTORY- According to Dr. Leaky, the European paleontologist who discovered Lucy, the oldest set of human bones ever found, Africa is the birthplace of all human beings. According to Dr. Mendel, the European scientist who proved dark genes are dominant and light genes are recessive, Africans are the original people, and the parents of all human beings. According to the Honorable Elijah Muhammad, the Great African Prophet who brought a sense of Self-Worth to millions of Black-Americans, Black People are the original people, and have been here for trillions of years.

Those people were created in **God's image**, and as **Gods chosen people**, he gave them **knowledge** and **wisdom** to build **advanced civilizations** way back in **ancient times**. He also enabled them to create and advance all the arts and sciences, including concepts to create constructs for premises to produce the basis for theory, time, language, travel, and trade. Those original people were **VERY, VERY DARK** and **BEAUTIFUL BLACK PEOPLE**. They called the land where they lived the home of the burnt and dark-skinned people. A land known as **Kemet** among African Griots and Black Scholars.

The Great African Civilizations Produced Many Great Kings Like Akhenaton, the world's greatest **social reformer**. He was a **wizard of administration**, and he **loved life so much** that he **outlawed warfare**. The African people shared his spirituality, so they were blessed by God and encouraged to build the pyramids, the sphinx, and a variety of other superb structures and temples, with invaluable artifacts and hieroglyphics within. Other People were amazed by those **wonders**, and the calculations required to design those glowing architectural phenomena, way back in those ancient times. Now, they still cannot figure out how the Africans built those grand structures way back in those times.

So, they gave up trying to learn and **understand Gods knowledge**, and the **advanced intelligence of the African civilizations**, and started feeble attempts to make the structures appear as though they would reflect European and Jewish heritage. They even went as far as chipping away at the sphinx's nose! They also **initiated stereotypes** by showing Africans as uneducated, uncivilized, unholy, and menaces to society.

Dr. Leaky, Dr. Mendel, and Dr. Cheikh Anta Diop all proved that Africa is the **cradle of civilization** and Black People are the **original people**. That means Black People are the only people who are aboriginal, indigenous, and/or sovereign in any and all lands and places on earth. So, African-Americans are the only indigenous people who deserve sovereignty in America. Not Native Americans, Mexicans, or any other groups. It was an enormous task to identify and outline all the damage Whites and Jews have done to Blacks over the last 2500 years globally, and over the last 500 years nationally. They even **whitewashed the bible** to uplift themselves and portray Black People as Slaves for all the culprit groups to use and abuse! So, we had to outline all the damage to produce **concrete, suitable, and viable redress solutions**, to complete writing the AARS reparations plan.

Now, we have to outline all the amenities and benefits Indians, Mexicans, and others have received over the last 50 years, in the name of being indigenous or sovereign, and demand double that amount of those reparatory measures. Now, it should be made clear that Indians and Mexicans have taken the lead from Whites and Jews, by **writing false doctrines** and **spewing outright lies at churches and special services**, claiming they are **indigenous for sovereignty**.

Henceforth, we have to establish the fact that it was "**The Great Ancient Black African Olmecs**" who were here in America first, building, moving, and advancing civilizations. So, all land and benefits given to others in America, in the name of being indigenous or sovereign, should be revoked and given to the rightful owners, Black People. Or, at the very least African-Americans and all Blacks in the U.S. should get double that amount of aid, including land, money, and resources, that all the others got, in the name of being indigenous or sovereign. No refugees or any other groups claiming an indigenous, sovereign, or any other status, should have gotten any kind

of aid or any kind of help before Black People! There is absolutely no way! So, the U.S. Government Should Ratify AARS ASAP for Justice for Africa, African-Americans, and all Black People, then facilitate truth and reconciliation with all other nations and races.
