Rating: 10

Comments: "Dennis was a huge asset to our team as he helped us negotiate through the whole closing process. He was available, responsive, and dependable. We never felt like we were chasing him as he was always on top of his game and making sure we knew what was coming next. He communicated on our behalf effectively and helped us get the concessions and terms we wanted. He was professional, transparent and very personable. Great attorney and we would recommend him to any family and friends!"
