Common Standard Exclusions

While specific fine print varies, standard industry cabinet warranties typically exclude:

- **Natural Wood Changes:** Natural variations in grain, color softening, or weathering due to sunlight and UV exposure.
- **Environmental Damage:** Warping or joint movement caused by extreme humidity changes or placing high-heat small appliances directly under the wood cabinets.
- **Wear and Tear:** Scratches, dents, or finish degradation caused by using harsh chemical cleaners like bleach or ammonia.

Please have the following information when contacting Wood Concepts:

- Which **cabinet model or line** do you own?
- What **specific defect or damage** are you experiencing?
- Do you still have your **original proof of purchase**?
