
FeedStarvingChildren.org Volunteer GuideLines HandBook

Hello! Thank you for downloading this pdf and becoming a Feed The Starving Children Organization (FSCO) Volunteer! Everything can be done right from your home computer or even from your phone.

MISSION / GOAL: 10 Million+ Meals by the end of 2020! All that matters is that we get as much Rice as possible to Food Banks in poverty stricken countries. These carefully selected food banks already have distribution setup that delivers the food to children in orphanages & the slums in 3rd world countries. This ensures that we can spend every penny on Food and not 1 penny on distribution or on rent for a big office.

VISION OF ORGANIZATION: 20,000 kids starve to death everyday, all that matters is getting as much food to these kids as fast as possible.

PURPOSE OF ORGANIZATION: Get food to starving children in 3rd world slums & to save children in poverty stricken countries from starving to death.

SUCCESS FOR FSCO = Getting Food to Food Banks in 3rd world slums. That is the only goal and the only way to measure success.

What makes FeedStarvingChildren.org different from other Charities or Nonprofits? FSCO has been setup where everything can be done online so there is no need for employees or an office. This way we can spend every single penny donated on FOOD since there is no office rent or salaries.

How do we get Rice to the Food Banks? The Rice is ordered online from stores close to the Food Banks. That way we can keep the shipping costs as minimal as possible.

How do we know the rice was delivered to the Food Bank? I am in direct contact with the Food Banks so we can verify every delivery.

Why Rice? Quantity is what matters not quality, the further we stretch every dollar the more lives we can save from starvation. A \$19 donation will provide approximately 360 meals. The average price we pay for Rice is \$0.58 per pound. 1 pound of rice is 11 meals. \$19 = 32.75 pounds of rice which equals 360 meals! A \$19 donation really can save lives. A \$1,000 donation will provide approximately 18,964 meals.

What makes FeedStarvingChildren.org different from other charities or non-profits?

FSCO Volunteer Goals:

**** At the end of the day all that matters is that more children are being fed through the work we do.** So If a company or an individual isn't comfortable donating to our Charity then we can ask them to just order some food online and send it to a food bank in a poverty stricken country.

****The most important thing is that we get the message across that 20,000 kids starve to death EVERYDAY.**

FSCO Volunteer Jobs:

Marketing & Fundraising for FeedStarvingChildren.org so we can spread the word & purchase more rice for Food Banks in poverty stricken countries.

FSCO Volunteer Marketing & Fundraising Strategies:

**** I have written letters for each of these categories that you can copy and paste for the following:**

- 1. Researching Grants FeedStarvingChildren.org can apply for. 1 Grant can seriously make all the difference & save so many lives.**
- 2. Email YouTube Channels asking if they will promote FeedStarvingChildren.org**
- 3. Message popular Twitter accounts asking if they will promote FeedStarvingChildren.org**
- 4. Message popular Facebook Pages asking if they will promote FeedStarvingChildren.org**

-
5. Message popular Instagram accounts asking if they will promote FeedStarvingChildren.org
 6. Email Companies asking for a Donation.
 7. Email Marketing/Advertising companies asking if they will promote FeedStarvingChildren.org
 8. Email Billboard Companies asking for Free Advertisement on a billboard for FeedStarvingChildren.org
 9. Email or send a Direct Message to someone on social media.

FSCO Volunteer Rules:

**** All donations to FSCO must be made through the website. Volunteers cannot accept cash or checks on behalf of FSCO ****

STRICTLY FORBIDDEN - Asking someone make out a check to you.

FSCO Volunteers basically have 100% Freedom to Market & Promote FeedStarvingChildren.org anyway they want through Social Media or to your local community. We please ask that FSCO volunteers do not promote FeedStarvingChildren.org in any illegal way (Example: Signs on the Freeway). Signs on the Freeway are illegal and FSCO can be fined \$300-\$1,000 a day until they are taken down.

We also ask that people please do not do anything CRAZY to promote FeedStarvingChildren.org.

Reimbursement Rules: First of all NO ONE is required to spend 1 penny on marketing or advertising. All money volunteers spend on Marketing FeedStarvingChildren.org is money they are choosing to spend knowing they WILL NOT be reimbursed because every penny raised has to be spent on food, so things like marketing costs are things that have to come out of my pocket. If a volunteer spends money on promoting a facebook post for example, that is money that will not be reimbursed and is money the volunteer wishes to use in that way.

** Please feel free to email me about any marketing ideas or questions at **Fsc@FeedStarvingChildren.org**

FSCO Charity Rules:

1. Every penny donated is spent on FOOD ONLY.

2. Every FSCO Member is 100% Volunteer, no one makes a penny EVER.

3. All costs for running FeedStarvingChildren.org have to come out of the Founders pocket, that is the only way to ensure every penny donated is spent on FOOD ONLY. This includes but not limited to: Marketing & Advertising Costs, Legal Costs, State & Federal Filing Costs, Website Costs.

4. FSCO doesn't want your money, it just wants you to donate food to starving children in the 3rd world. But if you cannot make that happen then donate with us and we will be the middleman your looking for.

5. No Drama & No Philosophies. All that matters is feeding starving children. This volunteer organization is about raising money for food for starving children, it is about nothing else.

6. FSCO is never allowed to have a big office because that rent money could have been spent on food instead. If the founder of FSCO hires an employee or independent contractor of any kind, then their salary must come out of the founders pocket. **All donated funds can only be spent on FOOD, No exceptions EVER.**

7. All that matters is feeding starving children in the 3rd world. if we are not doing that then we are pathetic failures to humanity because this **IS A CRISIS.**

Feed The Starving Children Organization - Founder Backstory

I have always been a religious person and I have worked my whole life. I just really don't care about material possessions, especially when 20,000 innocent kids starve to death everyday. I have no bills and no kids. All I have is a serious goal to reach 10 million+ meals for Starving Children. I'm just a regular guy who started a charity and am willing to do whatever it takes to reach the goal! Thank You!

****All costs for running FSCO comes out of my own pocket, but I do not mind at all. There is no office anywhere that needs rent paid every month or employee salaries, so the cost isn't extravagant like The Red Cross or an organization like that.**

My Little Rant: What else am I going to spend my life savings on? A new \$60,000 truck? A new \$60,000 pool? That crap doesn't mean anything to me. I drove a BadAss Bmw for 5 years and the exciting feeling lasted only 3 or 4 days. Am I supposed to buy a big nice mansion so I can impress some stupid people I dont even know? Caring about all that just seems so stupid to me when in reality people are STARVING all over the world. Everytime I watch the

news and they bicker about little american issues and opinions i think “ WHY DO THEY NEVER TALK ABOUT 20,000 KIDS STARVE TO DEATH EVERYDAY?? This is what matters in my opinion.

We are creating a "Most Valued Contributors" list on FeedStarvingChildren.org's website Homepage and we think it would be great if your company was the 1st on the list! Being on the list is optional and we would never disclose your donation without your consent. *Displaying your logo & donation amount is also optional. If you don't feel comfortable giving through FSCO then as long as you can prove that you have donated & delivered food to a Food Bank in a 3rd world then we may still be able to put you on the "Most Valued Contributors" list, because at the end of the day all that really matters to me is that we are getting Food to Starving Children in poverty stricken countries. *Please note that a \$3,000 or more donation is required to be on this permanent list*

A \$1,000 donation will provide approximately 18,964 meals. The average price we pay for Rice is \$0.58 per pound. 1 pound of rice is 11 meals. \$1,000 = 1,724 pounds of rice which equals 18,964 meals!

We are hoping to get some free Marketing/Advertising for FeedStarvingChildren.org. FSCO is a charity where every penny is spent on FOOD, so the cost of billboard advertisement has to come directly out of the founders pocket. We are hoping to find a company that does Marketing/Advertising that would be willing to help this organization out by doing some free marketing that can help us spread the word so we can buy more food for starving children who will die without it. No one at FSCO profits in any way from this so you would be doing this for the starving children, not for us. Even just 1 or 2 hours of you or your employees time would help us out tremendously!

We know this is something big to ask & honestly we would be thrilled to even have the smallest amount of help. Please help us reach our 10 Million Meals goal. Truly anything would help. I thank you for your consideration of our organizations request and look forward to hearing from you in the near future.
