ABOUT US

Crystal Coast Women in Business is a powerful network of women entrepreneurs and leaders of industry designed to develop a community around women in business throughout the Crystal Coast. Women from all professional and personal backgrounds are connected through unique networking events and professional development opportunities. The Economic Development Foundation believes that empowering women entrepreneurs is a key driver of economic growth and innovation. As a nonprofit organization, our primary focus is on creating a supportive ecosystem for women in business by providing networking opportunities and workshops throughout the year to help local women connect and grow their relationships with one another. Annually, Crystal Coast Women in Business offers three lunch & learn meetings/workshops and a day long conference held in the fall.
