Spring 2024 Newsletter

IMPORTANT

Registered Charities, who do good work both locally and overseas, depend on your support to ensure that both existing and outreach programs are sustained in an effective manner. You play a very significant role in our success year round.

Once you've read this newsletter to the end, we kindly ask you to please consider making donation now to help us to continue to reach more vulnerable children and young people. Thank you very much!

Empowering Vulnerable Children: The Remarkable Work of Reachout To Africa

Dear Supporter,

In the heart of South Africa, amidst the bustling cities and sprawling landscapes, lies a beacon of hope for vulnerable children - Reachout To Africa together with Mamkhulu.org. These partner organizations, with their unwavering dedication and tireless efforts, have been instrumental in transforming the lives of countless children and youth facing adversity.

Reaching Out with Compassion:

At the core of Reachout To Africa's mission is a deep commitment to reaching out to the most vulnerable members of society. From impoverished townships to rural communities, they extend our hand with compassion and empathy, providing essential support to those in need.

Education as a Key to Empowerment:

Education is often hailed as the great equalizer, and Reachout To Africa recognizes its transformative power. Through various educational programs, we equip children with the tools they need to break the cycle of poverty and build a brighter future for themselves and their communities. From providing access to quality schooling

to offering tutoring and mentorship, We help to ensure that every child has the opportunity to thrive academically.

Nurturing Talent and Potential:

Beyond academics, Reachout To Africa fosters the talents and interests of the children we serve. Whether it's through arts and crafts, sports, or music, we create safe spaces where children can explore their passions and develop their skills. This holistic approach to development not only enriches their lives but also instills confidence and self-belief.

Addressing Social and Emotional Well-being:

Growing up in challenging circumstances can take a toll on a child's mental and emotional well-being. That's why Reachout To Africa prioritizes holistic support, providing counseling and psychosocial services to help children cope with trauma and build resilience. By addressing their emotional needs, we help ensure that each child receives the care and support necessary to thrive.

Building Sustainable Communities:

Reachout To Africa understands that sustainable change requires a multifaceted approach. In addition to our direct interventions with children, they also work closely with families and communities to address underlying issues such as poverty, unemployment, and lack of access to healthcare. By empowering the broader community, we help create an environment where children can grow and succeed.

How You Can Support:

As Reachout To Africa continues its vital work, we rely on the support of all our generous donors and volunteers. Whether through monetary contributions, in-kind donations, or volunteering your time and skills, you can make a meaningful difference in the lives of these vulnerable children in South Africa. Together, we can help build a future where every child has the opportunity to reach their full potential.

We Appreciate our Donors.

Since we began our ministry in South Africa, Reachout To Africa has used the following line to support our activities. "Changing Lives, One child at a Time" to encourage our very supportive donors to help us in this mission. Thousands of young people have attended Mamkhulu.org's Hope Clubs and Hope Camps along with other programs over the past 19 years.

A recent example of this amazing support happened a couple of weeks ago. We are enormously grateful to one of our longest supporting donors for responding to this emergency. Mamkhulu.org operates or supports camps of up to 150 people on a regular basis at Ekukhanyeni Conference Center and Guest House (The Place of Light).

This facility provides a comprehensive camping program with accommodation, catering services, sports activities, nature education, classroom education and resilience building programs. A fully comprehensive program.

The one important issue that was raised recently was the fact that the swimming pool on the property was unprotected by a fence and never has been. The South African Department of Education has issued a ruling that stated that children would with immediate effect not be allowed to attend any facility or camp ground where there was unprotected open water such as pools, etc. ...and that they would be sending inspectors to all camping facilities where camps are hosted to inspect these facilities for pool fences. Well, we were caught off-guard, we had planned to install a fence at sometime in the future, we did not anticipate having to do this install immediately, nor did we have the budget for this.

We sent a note to good friends and donors asking if they might be able to help us in this response. Without hesitation this couple offered to cover the entire cost of the new fence to be installed. I'm telling this true story to show how God's spirit moves people to answer prayers. An answer that not only helped us and Mamkhulu.org solve an immediate situation but also protected all the future

bookings we had for youth camps coming up over the rest of 2024.
