Wednesday Addams¹

Outcast. Weirdo. Magical. Creepy.
*The Addams family started
when Mr. Addams farted.
They left me hurt, retarded.
Oh, what a family.*

Wolverine (Logan²)

Outcast. Mutant. Experimented on by
evil scientists. Heals from almost
anything. Heightened awareness in the
form of animal senses. Doesn't care
about himself. Loves Kitty Pride³.

¹“Adam.” The lost child in me, driven from Eden (screaming) from hurt. Wednesday is named after Odin (aka Wotan), a Norse father god. I ran away once, briefly. Just to ask: “*Do you love?*” Cuz I didn’t feel it.

² Like the airport. A Boston local Wolfgang.

³ Loves and is not ashamed of the side of himself that has feminine energy.
