Addison Brangus Farms

& FRIENDS PERFORMANCE SALE

Leisa and I welcome everyone to the 2026 Addison Brangus Farms and Friends Eighth Annual "Performance" Sale.

Leisa and I would like to welcome everyone to the 2026 Addison Brangus Farms and Friends Eighth Annual "Performance" Sale.

We are very excited to host our eighth annual sale! The Brangus and Ultrablack cattle in this sale represent our commitment, along with our sale partners' commitments, to the breed's most elite EPDs and superior performance cattle. We offer distinguished genetics and first-rate quality throughout the sale order.

First and foremost, we at Addison Brangus Farms wish to thank our Heavenly Father for allowing us to be where we are today. Our God has truly blessed us immeasurably, and we give Him all the glory. *Ephesians 5:20*.

Secondly, we want to express our sincerest gratitude to our outstanding sale partners who have labored diligently in preparing their animals for this event. We could not be here without you. The cattle in this sale represent numerous farms and ranches located widely over the Southeast.

Also, we would like to express our genuine appreciation to all of the following for their immense help with our sale: Catalog Coordinator, Lea Weinheimer; Auctioneer, Doak Lambert; Wade and Blaine Fisher; and the staff at IDEAL Video Productions; Photographer, Darren Richmond; Ringmen, Jimmy Fetner, Tim Dietrich and Michael Sturgess; and last but not least, Hoagie and Callahan Parish and their crew at the Cullman Stockyard.

In conclusion, the Performance Sale offers a comprehensive variety of Brangus and Ultrablack cattle. These cattle include open and bred heifers, bred cows, cow/calf pairs, 3-N-1s, donor prospects, embryo lots, show animal prospects, and herd sire prospects. Also, following the registered sale, we will have our open and bred commercial heifer sale. Many of these commercial heifers will be sired by, exposed to, or AI'd to an Addison Brangus Farms bull.

The Addison Brangus Farms and Friends Performance Sale offers something for everyone. Please allow us to assist you in your cattle program.

Sincerely,

Wayne & Leisa

Wayne and Leisa Addison | (205) 412-5356

LEISA & WAYNE ADDISON

"Something for everyone."

VF Ms Monument 924G12 • Dam of Lot 61

This heifer's donor dam has produced several phenomenal females and this one is no exception. Maternal sibs to 924N have been purchased by Draggin' M and ACE. Most recently, a maternal sib sold at the Brangus on the Beach sale for $10,000. This heifer has been a standout from the start, and when you look at this mating, that should be no surprise. She could make an impact on any program. 924N was also AI'd to T3 High Standard 240M4 that demanded over $50,000 at the Pine Belt Alliance sale last fall, so this is an opportunity to possibly have one of the 1st High Standard calves. Don't miss this opportunity. **AI'd to T3 High Standard 240M4, 10567815 on 4/27/26. Pasture exposed to TTT BHF Julio 415L77, 10552402 from 4/28/26 to 7/17/26.** Confirmed bred.

A gentle, well-mannered open heifer with a calm disposition. She is sturdy, well-built, and structurally sound with good body capacity and a strong, balanced build. Her quiet temperament makes her easy to handle, while her overall design and natural thickness give her the kind of durability and usefulness you look for in a quality heifer. This heifer is ready for the bull of your choice.

Lot 92

PKC Ms Kingdom 889N4 is an open, ready-to-breed female that fell just outside of our spring breeding window. She is backed by a good Crossroads daughter from Las Palomas on the bottom side and DMR Kingdom 535G45 on top. Kingdom has proven his ability to sire functional, lasting females, and 889N4 carries that influence with added calving ease, ranking in the top 4% for CED and top 15% for BW. Those calving-ease numbers leave plenty of options when it comes time to select a mating. A young female with a pedigree built around maternal longevity and breeding flexibility, ready to go to work in her new program.

Powerful maternal genetics with real-world growth. This August 2025 Brangus bull combines BW +0.5 with WW +29 and YW +56, ranking in the top 30% for weaning and top 25% for yearling growth. He excels where cattlemen make money, posting top 35% Heifer Pregnancy, top 10% Stayability, and an elite top 4% Fertility Index, indicating daughters that should breed early and stay productive longer. Adding carcass merit through top 20% Scrotal Circumference and top 35% Marbling rounds out a balanced, profit-oriented genetic package.

Exciting opportunity to get in on the front end of our newest donor, CRC Miss Trail Boss 918K10. This incredible female was purchased as an open heifer at the 2023 Fall Sale at Chimney Rock Cattle Company for $16,000. She has exceeded our expectations in terms of her near perfect size and phenotype, along with her ability as a true calf raiser. This mating with the immortal (and now deceased) S A V Resource could be an absolute home run. Resource, Trail Boss, and Three D have all sired countless sale features, herd sires, and donors. This female was crossed on several sires and will have her breakout party in 2027. We hope you'll be a part of her success story!!

Selling a total of (8) Grade 1 IVF embryos. Selling two lots of (4) embryos. Embryos were created by Trans Ova Genetics and are stored at Lookout Mountain Genetics in Fort Payne, AL.

BWCC Ms Boulder 10E72, the $32,500 dam of Ms Hot Shot 10G17 and CC Casino of QVF 10L4, is a fertile, high-volume embryo producer. Her last three bull calves have averaged $10,000, and we have retained several outstanding replacement heifers. We currently have an impressive set of Born Leader 53L29 bull calves out of 10E72 on the ground. Sho Boat 313H18 is widely used as a low-birthweight sire with strong genomic performance. He's noted for producing structurally sound calves, including exceptional replacement females and prominent young herd sires. He boasts superior rib capacity, design, soundness and docility. Sho Boat ranks in the top 35% of the breed for 13 traits or better.

Selling five (5) embryos.

An own daughter of the $70,000 415R23, CN Ms Passport 415C10 is a prolific embryo producer whose outstanding calves are the kind destined for the donor or replacement pen. MC Santiago 541H30 has become a widely used sire because he combines calving ease, growth, maternal strength and carcass merit in a very recognizable, powerful phenotype. He is deep-sided, thick, and sound-footed, adding exceptional milk and IMF along with calving ease. His dam, MC Ms Resource 541A4, is one of the most influential females in Brangus. She also produced MC Five Star 541G30, MC Bedrock 541G20 and MC Boom Town 541F4.

Selling five (5) embryos.

5 IVF Embryos – MC Powerball 188J x CB Ms Three D 468C10

An absolute powerhouse mating designed for the serious seedstock producer. CB Ms Three D 468C10 is widely regarded as one of the elite donor icons of the Brangus breed, amassing over $150,000+ in progeny sales. Acclaimed by top cattlemen as one of the finest daughters ever sired by TJM Three D 302A, 468C10 brings unmatched body mass, rib shape, and maternal productivity to the equation. In this exclusive IVF offering, she is mated to the exciting Junior Sire MC Powerball 188J. Powerball perfectly complements her raw power by introducing a moderate, highly functional frame, extra spine length, and impressive natural muscle thickness. Expect this mating to yield highly marketable, high-REA bull prospects and beautiful, donor-caliber replacement females that carry elite fertility.

Selling two lots of five (5) IVF embryos. Stored at Trans Ova, Georgia location.

Lot 117

We purchased from our friends at Cavender Ranches. This bull is wide-bodied, with a huge spring of rib and depth of side. He has 14 EPDs in the top 20%. His offspring have been amazing. Semen will be available at the sale. **Selling 1 lot of 5 Straws. Semen will be available sale day or can be shipped.**

COMMERCIAL FEMALE OFFERING

We are proud to offer an exceptional set of commercial females, many sired by or bred to Addison Brangus Farms bulls through AI or natural service. We believe this is our strongest commercial offering to date—reflecting our commitment to raising the bar each year and providing genetics that help our customers move their programs forward.

Lot 118 — 1 Head
FALL BRED HEIFER — Addison Brangus Farms
8 months bred to ABF Black Rain 568L, 10543780. Could be a pair by sale day.

Lots 119-125 — 7 Head
FALL BRED HEIFERS — John Norris
6 black, 1 baldie. Pasture exposed to Addison bull in March. Heifers vet-checked; safe 5-7 months by sale day.

Lots 126-143 — 18 Head
FALL BRED HEIFERS — Stinson Brangus Farm LLC
These black/white face and black/motley face heifers have been running with a Brangus Bull and a Hereford Bull from April until the middle August. They will be vet checked and will have all shots and vaccines before sale day.

Lots 144-168 — 25 Head
FALL BRED HEIFERS — Montgomery Farms
Nice set of fall-bred heifers. These heifers are sired by CCR Pathfinder 70Z2 and bred to calving-ease Integrity 96J2 from 11/30/25 to 2/20/26. They are moderate-framed, easy-fleshing heifers calving as 2-year-olds.

Lots 169-218 — 50 Head
FALL BRED HEIFERS — C Bar C Ranch
Coming 2-year-old Brangus/Angus cross females. These heifers have had all of their shots/Vaccinations and have been dewormed. Very docile group of young front pasture ladies!

Lot 219 — 1 Head
SPRING BRED HEIFER — Hurricane Creek Brangus
This Commercial heifer is an Empire daughter that is AI bred to Overtime on 6/26/26. Confirmed safe in calf on 8/6/26.

Lot 220 — 1 Head
SPRING BRED HEIFER — Hatchee Farms
This exceptional commercial Brangus heifer was simply too high-quality and structurally correct to pass up raising. Sired by the proven VF Hugo 000K34 out of a commercial dam, she features an excellent, gentle temperament. Adding massive value to this package is her safe-in-calf AI status to the late, breed-leading sire G+ Encore 30L38, with a calf due in early April 2027. Because Encore's elite genetics are now strictly limited, this early spring pregnancy offers a highly coveted opportunity for an immediate return on investment. AI Bred: July 1, 2026, to G+ Encore 30L38 | Confirmed Safe in Calf

Lots 221, 222 — 2 Head
SPRING BRED HEIFERS — Staggs Farm
Brangus heifers. Pasture exposed to SF Monument 535N, R 10587303 from 7/19/26 to 10/1/26.

Lots 223-225 — 3 Head
SPRING BRED HEIFERS — Randle Farms
Three early spring 2025 Brangus heifers, bucket broke, gentle and current on vaccinations. Al'd to Coal Train and Atlanta 4/15/26. Pasture exposed to SF Epic 85N, R10575803 and SF Jax 20240412 (SG) from 5/1/26 to 10/1/26. Will have preg status updated by sale time.

Lots 226, 227 — 2 Head
SPRING BRED HEIFERS — Addison Brangus Farms
These fancy heifers are sired by EB Modelo 1912K17. They will be 13 months old sale day and will be ready for fall breeding.

Lot 228 — 1 Head
OPEN HEIFER — Addison Brangus Farms
Brangus yearling heifer sired by EB Modelo 1912K17.

Lots 229, 230 — 2 Head
OPEN HEIFERS — John Norris
1 black, 1 baldie. 15 months old, ready for a bull.

Lots 231-235 — 5 Head
OPEN HEIFERS — Dake Farms
Nice Brangus heifers are 750-800 lbs. Will be ready to breed to a bull of your choice this fall.

Lots 236-244 — 9 Head
OPEN HEIFERS — Dake Farms
Nice set of Brangus heifers averaging 700 lbs. Ready to breed this spring.

Lots 245-252 — 8 Head
OPEN HEIFERS — C4 Farm & Cattle/Sanders Cattle Farm
Nice set of Brangus heifers, fat and deep-sided. Ready to breed this spring

Lots 253-264 — 12 Head
OPEN HEIFERS — Trull Farm
Fancy set of 12 open black and black motley-faced heifers, majority with a touch of ear, ready to breed this Fall. Have had 2 rounds of vaccines: Triangle 10 HB, Alpha 7/MB1, Endovac Beef, 1 round of Valcor injectable dewormer and 1 round of Eprinex pour-on dewormer. Has had multiple applications of Standguard for fly treatment this summer. Heifers will be averaging 900#. They have had full access to Purina Availa 4 w/Altosid tubs, and have been fed out of a truck feeder with CPC Developer w/Rumensin at approximately 1.5% of body weight, along with full grass grazing. Will follow truck, SXS, or come to bucket at trough.

Lots 265-282 — 18 Head
OPEN HEIFERS — Trull Farm
Fancy set of 18 open black heifers, majority with a touch of ear, ready to breed this Fall. Please refer to the above Lots 253-264 for complete health/feeding protocol.

Lots 283, 284 — 2 Head
FALL BRED COWS — Addison Brangus Farms
Vet-checked 7 1/2 and 8 months bred to ABF Empire 23K.

Lots 285-288 — 4 Head
SPRING BRED COWS — Addison Brangus Farms
Vet-checked 5 and 6 months bred to ABF Empire 23K.

Lot 220

Watch & bid online for FREE at DVAuction
Broadcasting Real-Time Auctions

Can't make the sale? Bid from home with DV Auction's "real-time" internet bidding service!

Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction-a DV representative will notify you once you have been approved
3. Tune in for the sale and make you purchases!

After the sale, contact the sale manager or owner to arrange transportation and payment. **High speed internet** is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding-if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.

Terms & Conditions

BIDDING
Each animal will be sold to the highest bidder without reserve. The auctioneer will settle any disputes as to bids and his decision on such matters shall be final.

TERMS
Each animal becomes the risk of the purchaser as soon as sold, but it shall be the obligation of the seller to see that animals are fed and cared for until loaded for shipment or until the expiration of 48 hours after the sale, whichever occurs sooner. After 48 hours a maintenance fee of $5 per day will be assessed until pickup, unless ABF arranges shipment.

SIGHT UNSEEN PURCHASES
Buyers may purchase through Wayne Addison at auction without viewing the cattle. For sight unseen purchases, the buyer has the right of inspection at the time of delivery. If the animal is deemed unsatisfactory, it may be reloaded on the delivery truck and returned to the farm of the seller at no obligation to the buyer. All transportation expenses will be the responsibility of the seller. If the animal is deemed unsatisfactory within one week of the purchase, the buyer may at their expense, return the animal to the farm of the seller for a full refund of the purchase price.

CERTIFICATE OF REGISTRY
A transferred certificate of registry will be furnished to the purchaser for each registered animal once proper settlement has been made.

HEALTH
Health papers suitable for interstate shipment will be furnished on all animals.

ANNOUNCEMENTS
Any changes from the information of any kind in this catalog will be provided in a sale day supplement sheet or announced from the auction block and such information shall take precedence over cataloged information.

BREEDING GUARANTEE
1. All registered animals are guaranteed to be breeders with the exception of: a) calves under 12 months of age; b) animals shown by purchaser after sale in which the guarantee (if any) shall be between the seller and the buyer; c) injury or disease occurring after the sale; d) gross negligence or willful misconduct on the part of the purchaser; e) death by any reason.
2. Any bull which settles cows by natural service and passes a fertility test made by competent veterinarians, mutually agreed upon by the buyer and seller, during any six month period of trial (provided for in paragraph 2 of the section of these sales terms and conditions entitled "Options and Privileges of Return or Adjustment") shall be considered a breeder. All partial interest bulls are guaranteed to produce freezable quality semen.
3. Safe in calf females have been examined by competent personnel and are so guaranteed.
4. Exposed females have been exposed but are not guaranteed to be safe in calf.
5. Open females have not been served and are so guaranteed.
6. Donor Females. a) A female is not guaranteed to be a breeder after the date of the sale when that female is to be used or attempted to be used, in an embryo transfer program, unless by separate agreement between the buyer and seller. b) Embryo transfer guarantee. Even though it is possible some of the female lots have worked successfully in our embryo transfer program in the past, and should in the future, there is no guarantee or warranty on future embryo production of any lot. Flush records are available upon request.

PREGNANCY DETERMINATION
The registered females in this sale noted safe in calf have been determined pregnant by physical palpation or ultrasound technology. Our best estimate of service sire will be given in the case of the females with both an A.I. sire and a natural breeding sire. Keep in mind this is our best estimate.

OPTIONS AND PRIVILEGES OF RETURN OR ADJUSTMENT
1. All claims for adjustment or refund must be made in writing within six months of the sale date.
2. In the event an animal is claimed to be a non-breeder, the animal may be returned to the farm of the breeder if in good condition and complying with the health requirements of their state. The seller shall be entitled to a six month trial following the return of the animal in which to prove that the animal is a breeder. If at the end of six months the seller is unable to prove the animal is a breeder, the seller shall at the option of the buyer replace the animal with another of equal value or issue a credit for the initial selling price. If the seller proves the animal to be a breeder, it shall be the obligation of the purchaser to take delivery of the animal and pay all expenses incurred for transportation.
3. If an animal is sold and at a later date proves not to be eligible for registration under association rules, the seller shall be obligated to make a satisfactory adjustment on the purchase price to the buyer, refund the purchase price or issue a credit for the initial selling price upon the return of the animal to the farm of the seller.
4. If an animal is sold and through DNA is proven to have incorrect parentage as represented by the certificate of registration, and for which the parentage can be determined, the seller shall be obligated to make a satisfactory adjustment on the purchase price to the buyer, refund the purchase price or issue a credit for the initial selling price upon the return of the animal to the farm of the seller.

RIGHTS AND OBLIGATIONS
1. The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding on both. Other than the guarantees and warranties stated above, no other warranties or guarantees are expressed or implied. Each sale or resale of an animal constitutes a separate transaction.
2. Addison Brangus Farms or any other person connected with the management of the sale assumes no liability, legal or otherwise.

DMR MONEY ORDER 60M58

UB2 | Never Surrender x 60A2 | $50/Straw

DMR Never Surrender 60M58 is backed by one of the most proven and profitable females in the breed, the donor dam CB MS Chisholm 60A2. Time and again, 60A2 has delivered consistency, quality, and measurable value to our program and to our customers. A flushmate sister to 60M58 commanded $30,000 in a CDP sale to Brad Cotton, further validating the earning power and demand surrounding this mating. The 60-cow family has long been known for its longevity, structural integrity, and ability to generate revenue across generations. These cattle stay sound, stay productive, and consistently transmit the kind of phenotype and performance that drive repeat buyers and long-term profitability.

60M58 exemplifies the stoutness and mass that define this lineage. He is bold ribbed, wide based, and heavy muscled with a big top and deep center body. His presence is undeniable, yet he remains athletic and structurally correct. His clean sheath design adds to his practicality and durability, while his 5-star disposition makes him easy to handle and manage in any operation. He combines herd bull look with real-world functionality. His EPD profile is equally impressive. He ranks in the top 10% for both weaning and yearling weight, offering growth that pays. Maternal strength is a major highlight, as he sits in the top 3% for Total Maternal and posts a +12 Milk EPD, placing him in the top 15% of the entire breed. Carcass merit further elevates his value, ranking in the top 1% for Ribeye Area and top 4% for IMF. His balanced genetic package positions him as a strong candidate for long-term breed impact.
