HOUSING SANTA BARBARA DAYS 2020

Due to COVID-19, Housing Santa Barbara Day 2020 was virtual! We also expanded from a one-day event to a multiple-day event. We presented eight workshops from local agencies throughout the week. Workshops were presented on: Tenant Rights & Responsibilities, Resources for Tenants & Landlords for Rent/Mortgage Relief, Rental Mediation, Workforce Housing, Resources for Undocumented Households, Accessory Dwelling Units, Emergency Disaster Preparedness, and Home Ownership Programs.

Housing Santa Barbara Day (HSBD) is a day of advocacy for affordable housing for all income groups. Housing affordability is vital for our homeless population, low-income residents, and for all workers in all industries that support our community. HSBD is a day for Santa Barbara residents to connect with local non-profit agencies and service providers working to make our community more affordable to residents from all income groups.

We can solve the local affordable housing crisis that has affected our homeless, low-income and middle-income residents. Change starts with action and together as a community we can improve housing affordability and increase housing opportunities for all. We live in a beautiful place; let's work together towards making it more affordable.
