OUR PURPOSE

To encourage informed and active participation in government, increase understanding of major public policy issues and influence public policy through education and advocacy.

"I found dozens (and now hundreds) of women and men who are as feisty as I am. We are interested in serious issues and how to get information about these serious issues to the public for discussion and informed voting."
--The Honorable Ellen Wheeler, LWV of California

#LWV100

The League of Women Voters is the nation's most effective grassroots organization.

Established in 1920 after winning the right to vote for women, the League is one of the nation's most respected community-based organizations. In addition to our work in the elections area, League volunteers work on issues of local importance, from education to land use and housing.

We do not support or oppose any candidates for office or political parties.

We want everyone to vote so our elected leaders represent our entire community. We are a voice for all, working to connect people directly with government.

We provide and work from facts. We educate. We advocate for change.

Join our network of dedicated volunteers across the nation.

Membership is:

- Open to everyone 16 and older.
- Filled with benefits, including opportunities to learn and lead, shape issues important to you and your family, and become part of your community and of a larger network across the country.
- Fun and personally fulfilling

The League is working to strengthen our democracy and our communities.

Join the League of Women Voters and be part of an organization that is:

- Working to strengthen our democracy and our communities.
- Protecting the right to vote against threats and ensuring that every vote is counted by fighting for and implementing voting systems that are free, fair and accessible.
- Advocating for positive change at the local, state and national level on issues such as education, government accountability and money in politics.
- Fostering civil dialogue about important community issues, such as government spending, climate change, immigration, civil liberties, gun safety, health care and helping end homelessness.
