## Need Help?

If you are a family with at least one child under the age of 18 and are experiencing homelessness, you can get help at Transition House. Any family who is motivated to participate in our program is welcome at our family shelter; a safe place for parents and children of all ages. Each year, Transition House's family shelter helps approximately one hundred families get back to stable housing. We are here to help you, too.

## How to Get Help

When you first come to Transition House, you will be met with compassion by a staff member who will listen to your story. ~~You will be asked to complete a simple, one-page application, and then you will be placed on a waiting list that day.~~ The amount of time a family waits before entering the shelter ranges from one day to two months, depending on the length of the list. While you are waiting, helpful resources will be available.

## What to Expect

In our shelter you will be given a room where all members of your family will stay together. You will receive three meals a day, help from a case manager, useful classes (such as ESL), and employment support. We have an affordable infant care center, a literacy program, a teen group, and other programs specifically for children. The majority of families who join our program succeed in finding stable housing.
