

Capability Statement

Core Competencies

Planning & Engineering

- Project Scoping
- Planning Studies
- Maintenance of Traffic
- Traffic Impact Analysis
- Earthwork Grading Diagrams
- NEPA Documents
- Construction Documents
- Interchange Study/Design
- Design Management/Review
- Roadway Design
- Traffic Signal Analysis/Design
- Striping and Signing Plans
- Environmental Engineering
- Drainage Study/Design
- Stormwater Management
- Noise Abatement Design
- Parking Lot Design
- Traffic Circle Design
- Roundabout Study/Design

Program & Project Management

- Needs Analysis
- Value Planning/Engineering
- Master Scheduling/Budgeting
- Cost and Schedule Control
- Scope Verification
- Cost Verification/Estimates
- Constructability Reviews
- Regulatory Agency Approvals
- Project Control
- Strategic Implementation Planning
- Financial Accounting/Management
- Design Standards Development
- Consultant/Contractor Procurement
- Contract Reviews
- Development of Project Mgmt Plan
- Bidding Facilitation
- Construction Inspection/Oversight
- Quality Assurance/Quality Control

ACCOMPONG ENGINEERING GROUP, LLC

Engineering • Planning • Program/Project Management

(804) 715-4590

ACCOMPONG Engineering Group, LLC provides professional engineering services to public and private sector clients in: Engineering, Planning, and Program & Project Management. AEG provides roadway and highway engineering services as one of its core business niches. Our project and program management professionals provide a wide range of services to include traditional project delivery methods, public-private partnership, design-build, construction management at risk, turnkey and other innovative implementation strategies. We also offer transportation planning services-corridor studies, transportation master planning, rail studies, and various facets of feasibility studies. AEG offers context sensitive design solutions that bring lasting value to communities.

Differentiators

- AEG is an innovative company focusing on delivering services in civil and transportation engineering, planning and program/project mgmt.
- Our intent is to become a leader in the civil engineering industry by offering professional services to consultants, municipalities, state and federal government, contractors and private sector clients.
- We understand the importance of customer service and satisfaction while adhering to ever changing industry standards, schedules, budgets and the need for quality products.
- Our unparalleled customer service combined with superior project management and design expertise are reasons why we are the preferred choice of our clients.
- We take pride in our assignments and work diligently towards the development of projects that enhance our communities.
- At AEG we listen, we ask questions, we develop consensus, then we execute!

Past Projects

- Interstate 395 HOV Ramp & Auxiliary Lane Widening - Alexandria, VA
