

The Measure of Quality

Capability Statement

(412) 788-2433

Our firm was founded with the intent that **Monaloh Basin Engineers (MBE)** would become a high-quality provider of innovative engineering services. The firm was founded in 1980 and is recognized and revered as the leader in Civil Engineering Surveying, Right-of-Way, Utility Coordination and Construction Inspection Services. Our licensed and certified surveyors, CADD technicians, field crews, instrument personnel, and construction inspectors are dedicated not only to doing the job right, but doing it better. This is the mantra that makes us unique, and truly defines The Monaloh Measure of Quality. Our success and growth throughout Pennsylvania, Ohio, West Virginia and North Carolina is the result of our **readiness, reliability, and responsiveness** in serving our clients and industry.
