

Mountain View Solar, LLC

provides complete design, installation and support for solar Photovoltaic systems and electric vehicle charging stations with a pride and passion that has earned high praise from communities in West Virginia, Virginia, Maryland, Pennsylvania and Ohio. Recognized as a leader in renewable energy, we have received the high-honor of speaking at many key regional and state sponsored events and received several awards including the Small Business Administration Entrepreneurial Success Award & West Virginia Environmental Council Green Entrepreneur Award.

Mountain View's mission

is to help American homeowners & businesses leverage renewable energy technology to earn a rapid return on investment (ROI), while helping to ensure a brighter future for us all. Through our trade, we will support local and regional economies and communities by employing the local labor force, education, and sourcing domestic materials wherever possible.

Differentiators
