The Road Ahead: Forecasting Construction Spending in 2026

When will that uncertainty lift? Will the upheaval of tariffs finally calm down? Where are the biggest opportunities waiting right now? What lessons should leaders take away from the last year? Three leading economists weigh in on what's in store for the next 12 months and how to prepare for the road ahead. [Read Full Article](#)

Why Every Construction Project Needs a Dispute Resolution Plan

Anyone who has spent time in construction knows that disagreements are part of the landscape. Owners, contractors,

subcontractors, designers and suppliers are all working under pressure, often with competing priorities and different interpretations of their obligations.
