and many, many more!

Customise Your Series 5

The Series 5 is available in any colour or finish you can imagine

if you can dream it, we can make it possible.

From metallic and pearlescent finishes to bold hydro-dipped prints and fully bespoke paint designs.

Your Series 5 can be tailored to reflect your identity and personal style.

Seating

When sitting in a powerchair for hours at a time, comfort matters.

The Series 5 is not a one size fits all product.

Each seat is designed for your measurements, and is built to support your unique mobility needs.

Choose from waterproof, breathable mesh or faux leather plus a variety of seating support styles.

Finance Options

Choosing the right powerchair is a big decision, and spreading the cost can make it easier.

We now offer flexible finance for the Series 5, with monthly payments available at 9.9% APR representative.

We also offer interest free finance options, if you choose to pay the balance within 12 months.

Representative Example

Our base model includes everything you need to get moving, with focus on comfort, control, and everyday reliability:

- fixed seat (no powered seating)
- standard backrest (waterproof or breathable material, black stitching)
- retractable belt
- fixed classic joystick (left or right)
- one of six standard colours

from
£306.63
per month
9.9% APR

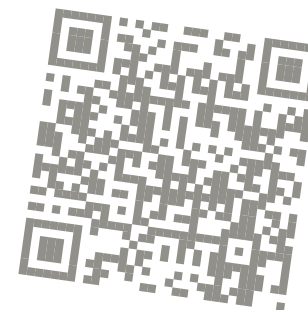

Race Across Europe

In 2025, we sent four Series 5 users racing through 10 countries from the UK to Italy for the chance to win a 1000€ prize!

Each person had a unique experience and proved that with the right equipment, planning and support, travelling with a powered wheelchair can be incredibly rewarding.

650mm

Our Customers

Kate

"I hadn't realised the difference having a good chair for me would have.

I feel so safe in the Series 5, the recline function especially helps me manage my condition and allows me to get out for much longer than was possible in my previous chair."

Katharina

"The Series 5 is perfect for my busy lifestyle.

I love getting out and exploring, and with this battery, it's finally possible.

Plus I got to go on the beach for the first time in 20 years! it makes big dreams finally feel possible."

Michael

"My series 5 has completely changed my life.

I've used it in mud, snow & sand, up hills, walking the dog, on a film set, in pubs, at the gym, and through airports.

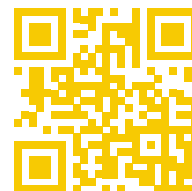

The customer service is incredible, any queries or questions have been answered in minutes."

Kai

"I waited years for a truly hybrid chair like the Series 5 to exist.

I wanted something I could use indoors, but could also allow me to experience the outdoors in a way other powerchairs simply can't."
