DISTILLERS, COMPOUNDERS & RECTIFIERS

ROLLO MILES

At Maison Miles we handcraft Single Estate Spirits in small batches.

We transform, we compound, we distill and we age.

We are true Spirit Makers, creating our drinks from nature's raw materials, flavouring and transforming them to instill new life.

We pride ourselves on crafting quality products from earth to bottle, using a range of traditional working methods. Distilling in copper stills, or ageing in oak barrels, defining the best method to get the maximum flavour from all our ingredients.

Each bottle is hand-numbered and signed.
