Rely+On™

Broad-Spectrum Disinfectant and Cleaner

No other cleaner/disinfectant has a more extensive portfolio of performance and testing data. Rely+On has been proven to be highly effective against over 100 strains of virus in 22 viral families, 400 strains of bacteria and over 100 strains of fungi.

Single Safe Solution to Remove Waxes/Oils and Clean/Disinfect in Just One Step Grow Rooms, Processing Facilities, Transportation, Equipment, Storage, and Dry/Cure Areas

The Cannabis industry has limited Food Safety regulations and a target market that includes large groups of Immunocompromised individuals – including Children and Seniors – presenting an even greater risk and potential liability than “other” foods - this makes proper food safety procedures and disinfecting even more important. Cleaning and Sanitizing is not enough - Disinfecting kills ALL label listed pathogens (bacteria, viruses, and fungi) by 99.999%. Rely+On™ takes disinfection further via a multifaceted mode of antimicrobial disinfectant action – no need to rotate.

SARS-CoV-2

E. coli

Listeria

Salmonella

C. botulinum

- De-Wax, Clean, & Disinfect in Just One Step
- Kills ALL Pathogens within 5-10 Minutes
- Powder Based Solution is Easy Transport and Store
- Removes Lipids, Waxes, and Oil Residues.
- Works in Low/High Temps (0°C/32°F to 65°C/150°F)
- 100% Non-Corrosive / Protect Stainless Equipment
- 100% Non-Toxic / People, Plants, Animals, and Planet Safe
- Will Not Stain Clothing / Requires No Additional PPE
- No Fumes or Offensive Odor / Natural Citrus Scent
- Approved by Governments Worldwide
- CDC / NSF / EPA / CA Registered / Organic
- Degrades into Oxygen and Potassium Salts
- 3 Year Shelf Life / Use Life of Solution Up To 7 Days
- Wipe, Mop, Spray, Foam, Cold-Fog, and Thermal-Fog with No Additives
