»» OUR CORE VALUES

» LEADING THE LEGACY IN DIVERSE FOOD PROCESSING EXCELLENCE

Established in 1998, the Bajaj Group, headquartered in Ahmedabad, manages three manufacturing facilities: Bajaj Foods Ltd., Surya International, Healthymills International Pvt.Ltd. and Bajaj Herbals Ltd. With corporate offices in Ahmedabad and branches in Sharjah, UAE, the group achieves an annual turnover of \$20 million USD, growing at a rate of 25-30%. Functioning as a diversified export house, it exports products to over 50 countries through a robust distribution network, offering a wide range of food products such as Peanut Butter, Chocolate Hazelnut Spread, Instant Drink Powder, and more. The group's key brands include SAVORY and SIESTA.

Manufacturing Facilities: Strategically located in Changodar, an industrial hub in Ahmedabad, Gujarat, India, Bajaj Group's state-of-the-art facility ensures premium and cost-effective products. Following a streamlined and stringent manufacturing process, the company prioritizes the quality of raw materials. Employing advanced techniques for extraction, blending, mixing, filtering, and straining, it maintains high hygiene standards. Open to innovation, the company adapts to evolving global tastes. The R&D team focuses on understanding consumer needs, offering niche products. With a monthly production capacity of 2000 metric tons, the company plans to scale up to meet the growing global demand for food and herbal products.

Quality Assurance: At Bajaj Group, quality is ingrained in our culture, aiming to surpass customer expectations. We conduct various inspections, audits, and certifications to ensure safe, high-quality herbal products, fostering fair trade practices and enhancing industry marketability. With a focus on long-term success through customer satisfaction, our organization, including suppliers, actively participates in improving processes, products, services, and cultivating a healthy work culture. Following Total Quality Management (TQM) principles, Bajaj Foods implements a QA/QC plan in line with ISO standards and strict GMP regulations for certified quality (by QAR).
