

Town of Lewisville

Council meeting

01/11/2019

Present:

Richard Craig

Justin Thompson

Absent:

Patrick Saunders

Clerk Treasurer Larry Smith and town Attorney Gregg Morelock were present.

The Council Officers for 2019 will remain the same as 2018.

Minutes:

Justin moved to accept the December minutes, Richard second. Motion past.

Claims:

Justin moved to accept the December claims Richard second. Motion past.

Reports:

Richard read the S H R W report: Report is available upon request to the town clerk.

Justin read the maintenance report: Report is available upon request to the town clerk.

There was no park board report: Tammy stated that the shelter house has new carpet now. And the shelter will continue to remain open during the winter for rentals.

Ron Walker gave the report and status on the police department progress.

New Business:

2019 salary ordinance; Justin moved to suspend the rule and accept by the first reading of ordinance #011119. Richard second motion past.

Justin moved to accept the salary ordinance #011119, Richard second.
Motion past.

Old Business:

Justin reported that the town truck was still at Goodwin Dodge. Justin reported that Ortman was working on the filter system at the water plant and had cleaned the media out. The water plant walls are splitting on the west side.

Gregg is to send a letter to 510 east main street to clean up property. Clerk Treasurer is to contact the new building inspector regarding the church property at 108 N First st.

With no other business coming before the board Justin moved to adjourn.

Attest

Richard M. Craig

Lewisville Town Council Meeting
January 10, 2019

Report of SHRWD Meeting of January 8, 2019

OCRA Grant

No word heard about the grant. Awards will be announced on Thursday January 17, 2019.

Personnel Committee

The Personnel Committee presented a report outlining the two main issues facing the District. The first is the intention of three out of four employees retiring within the next three year. Last year a Succession Plan was developed and adopted by the Board. The second concern is that due to ever increasing costs of chemicals, capital equipment and repairs; the District has operated at a deficit three of the past four years and is expected to just break even in 2019. For these reasons it was decided that employees will pay an additional 10% of their health and dental insurance premiums out-of-pocket beginning in 2019. A small salary increase was awarded to just offset these out-of-pocket expenses except for Tricia Haler. Ms. Haler has obtained her Class I and Class II Wastewater Operators License and will be taking her Class III exam this summer. She is expected to become the District Executive according to the District Succession Plan in about three years. Therefore, in place of a large salary jump for her when other personnel retirements take place, it was determined to begin slowly raising her salary now. She was given an 8% raise for 2019.

Other

Bids are being obtained to replace the District sign at the entrance to the plant since the original sign is falling apart after 26 years of inclement weather.

Nancy and possible two Board members will attend the Alliance Spring Conference March 13-14.

Respectfully submitted,

Marc Allhands
President
SHRWD Board of Directors
