EDMONDS

Educators serve with dedication giving their time, challenging the status quo, and nurturing future leaders. **You** help shape students, as well as the very fabric of our communities by developing tomorrow's teachers, coaches, doctors, counselors, builders, engineers, mechanics, poets and more. **You** touch countless lives, often without even knowing it. **Thank you** for all you've done and all you continue to do whether working quietly behind the scenes or leading from the front.

TO SERVE IS TO HONOR AND RESPECT

Steve Alseth is more than a real estate advisor and broker he has strong community roots as well. Reared by two teachers along with having an aunt, uncle, two sister in-laws in education and countless friends and inspiring teachers he understands the time and energy it takes. Appreciating the life lessons and aligning with a team that consists of other individuals with ties to educators, first responders, and military, the desire to provide additional support to families in these professions is only natural.

If you are a current or retired school employee and are considering buying or selling a home, we would like to give back to you and your family.

GIVING BACK TO EDUCATORS

STEVEN W. ALSETH, REAL ESTATE BROKER

Phone: 206.372.6908 | Email: Alseth@windermere.com

I started my journey in real estate, like many of you looking for a house, navigating financing, then making that house into a home. Then remodeling houses, managing properties and built a home. Taking that passion to help others in the journey waking up everyday on the hunt for that exciting property.

I joined Windermere Edmonds with a clear goal: to deliver exceptional service while helping clients navigate a wide range of real estate transactions.

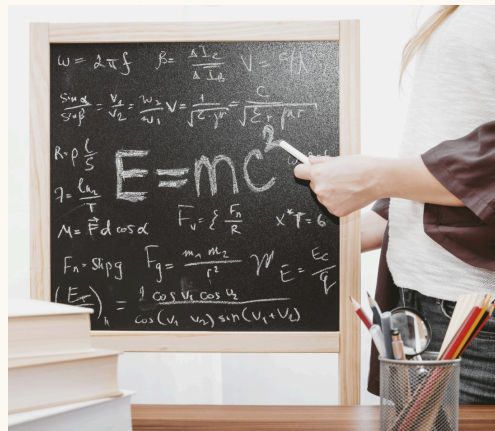

In addition to being an Edmonds local, I bring deep community knowledge and a trusted network that give my clients a true advantage. With an honest, approachable style and relentless commitment to my client success make me the right choice for your next buying or selling transaction.

Because of our team's strong commitment to the community, I am very excited to share the **Giving Back to Educators** program. This program not only saves teachers and other school employees money when buying or selling a home, it also donates back to charitable organizations for those serving our communities. Our dedication to giving back is a core part of my mission as I continue to serve the communities of Edmonds, Shoreline, Terrace, Mukilteo, Snohomish & King Counties.

TO HELP ANOTHER IS AN ACT OF COMPASSION TO INSPIRE ANOTHER IS GIFT

Steve really does understand the nuances of the PNW, he's provided great advice and responsiveness as we've started our home buying process. - Jessica M.

"If there is someone that bleeds "it's an Edmonds Kind of Day" it's Steve. I jokingly call him the unofficial Mayor of Edmonds. If you have a question or need, he'll find out for you with deep roots and broad array of connections." - Aaron H.
