McElhaney Receives Endorsement of Western New York Communications Workers of America

Orchard Park, NY – 08/15/2025 – Braiden McElhaney, candidate for Orchard Park Town Council, proudly announced that he has received the endorsement of the Western New York Communications Workers of America (CWA). The endorsement highlights McElhaney's commitment to standing with working families, protecting labor rights, and advocating for fair wages and safe working conditions.

"I am honored to have the support of the CWA, a union that has fought tirelessly for the rights of workers across our region," said McElhaney. "This endorsement is more than just recognition—it's a call to action to ensure that Orchard Park's local government champions policies that protect workers, strengthen our economy, and support the people who keep our community running every day."

The Western New York CWA represents thousands of communications and media professionals, healthcare workers, public employees, and manufacturing workers. Their support adds to the growing coalition of labor, environmental, and community organizations backing McElhaney's campaign.

"As the only candidate in this race endorsed by the Working Families Party and now the Western New York CWA, I remain committed to building a town government that is transparent, fiscally responsible, and focused on the needs of all residents—not just the well-connected," McElhaney added.
