McElhaney Secures Sierra Club Endorsement

Orchard Park, NY – Braiden McElhaney, local realtor, community advocate, and candidate for Orchard Park Town Council, has earned the endorsement of the Sierra Club, Niagara Group, a leading voice for environmental protection and sustainability in Western New York.

"I am deeply honored to have the support of the Sierra Club Niagara Group," said McElhaney. "Their commitment to protecting our air, water, and natural resources aligns with my vision for a future where Orchard Park grows responsibly while preserving the environment for generations to come. Together, we can ensure development is smart, sustainable, and respectful of the natural beauty that makes our community so special."

The Sierra Club Niagara Group cited McElhaney's dedication to responsible land use, environmental stewardship, and advocacy for green space preservation as key reasons for their endorsement.

McElhaney, who holds a "Green Real Estate Agent" designation, has been an outspoken advocate for policies that balance economic growth with environmental protection. His platform includes strengthening environmental standards in development projects, improving access to green spaces, and protecting our local waterways. He has also emphasized his commitment to making Green Lake a clean, safe place for both people and wildlife, ensuring that we work collaboratively to tackle the algae bloom issues so that it can remain a thriving natural space for the community to enjoy.

"We have a profound responsibility to safeguard the unique character and charm of our community," McElhaney emphasized. "This endorsement not only validates our efforts but also strengthens our commitment to preserving the beauty and integrity that make our community so special."
