

Procedures: Class & Camps

	Drop Off	Gymnast drop off is HIGHLY encouraged. If drop off is not possible, 1 family member/guardian will be allowed per student to enter the facility. The family member/guardian will be expected to follow all policies & procedures, wear a mask or face covering at all times, and maintain 6' social distancing at all times. Due to limited capacity as set by the government, we are not able to accommodate very many parents in the waiting area. Please adhere to our drop off/pick up policies, so that our preschool gymnasts that need a bit more help are able to have their parent with them.
	Health Screening	Every gymnast entering the building is required to take their temperature at home before coming to the gym, and will be asked screening questions before entry to ensure they are not displaying any symptoms. We will be asking for and recording temperatures of all gymnasts.
	Mandatory Hand Sanitizing	Everyone entering the gym will be required to use hand sanitizer or wash their hands upon entrance. Hand sanitizing stations will also be placed at various stations throughout the gym.
	Staff Work Habits	Coaches will be required to wash hands before and after every class. All staff will be required to wear a mask when distancing cannot be maintained, and encouraged to wear a mask at all times when it does not affect coaching. Spotting will be limited to when necessary as a safety precaution, and coaches will be diligent with hand sanitizer before and after contact with each gymnast.
	Group Spacing	While attending class, gymnasts will be stationed 6' from each other. Tape, Velcro, or other floor markings will provide established distancing. The gym will adhere to maximum occupancy standards throughout each phase.
	Drinking Fountains	Drinking fountains will not be accessible at this time, and have been replaced with a sink. Gymnasts must bring their own water bottles.
	Chalk	Chalk bins and spray bottles will not be available. Chalk will be available for purchase for individual use, and must be kept in each gymnast's own individual gallon size Ziploc with their name on it. Gymnasts will not be able to share their personal chalk with anyone else while at the gym. Gymnasts that wear grips may choose to bring their own spray bottle for their personal use only.
	Cubbies and Belongings	All belongings should be placed in a cubby prior to class. Gymnasts are encouraged to bring as few belongings into the gym as possible. All belongings must be taken home each day (including chalk, water bottles, and grips). All items left behind will be thrown away at the end of each day. Team lockers and cubbies will not be available for use.
	Pick Up	Coaches will line gymnasts up at the exit of the building, using floor markers for distancing. Hand sanitizer will be distributed to all exiting individuals, and gymnasts will exit the building one at a time to their awaiting vehicle.
	No Lost & Found	There will be no Lost & Found. All items left at the gym will be thrown away each night (including chalk, water bottles, clothing, etc.) to maintain safety standards.

Procedures: Facilities

	Common Areas & Bathrooms	Staff will sanitize all waiting area and bathroom surfaces prior to and after each class. Screens have been installed in between bathroom sinks, commonly touched areas have been painted with anti-microbial paint, and all common area carpet has been replaced.
	Front Desk	Please call or email the front desk regarding any questions or payment. A clear shield has been installed to improve distancing for our front office staff when a call or email is not sufficient. Food will not be sold, but water will be available for purchase.
	Cleaning & Disinfecting	We will continue a regimented cleaning schedule throughout the entire gym daily.
	Equipment Standards	A cleaning station has been placed at each event, and we will sanitize all mats and surfaces continuously throughout each day.
	Staff Temperature Monitoring	All staff will have their temperatures taken and recorded each day they are at the gym. If a temperature above 100° is recorded, the staff member will be sent home immediately.
