

"Nothing New Under the Sun"

T-65

5-1-88

"There is nothing new under the sun." Like the great preacher he was in Ecclesiastes and Lamentations, who happened to be theoretically Solomon, King Solomon. God said about King Solomon, He said that there has never been a man as wise upon the earth, as full of wisdom, nor shall there ever be.

And He said that to him after Solomon asked Him, in a dream, in a dream mind you, he asked Him...God said, "Ask of me what you would have." And Solomon said, "Lord, I would that You would give me wisdom that I might be able to judge this, Thou people. Who am I at such a young boy to sit in a seat of the kingship of my great father, David. Grant me, Oh Lord, that I might have a wise and discerning heart that I might judge your people. And he humbled himself before God in that dream, mightily. And God said to him, "That I will grant to you. And beyond that, since you did not ask Me for long life or riches or all the glory, I will give to you that you will be the richest and the most notable of all people in kingship, in your life."

And that is what God did to Solomon because he asked for wisdom that he might be able to judge God's people. He had to judge them. He was the king, the ruler. And a king has judgship over all the subjects of his country, of his land, of whom he rules over. He has judgship to the power of death. No one can dispute his orders as long as he is still king. If he says, "Off with their head", it is over with. If he says, "Kill them", that is what is going to happen. If he says, "We are going to war", that is what is going to happen. He doesn't have any dumb congress to deal with. He doesn't have any stupid legislators to deal with. He doesn't have a bunch of democrats to deal with who say, "Let's give it away to all the public. Let's give it away to all the poor. Let's have all these benefits program so no one will have to work. We will have a utopia." Nope a king doesn't do that.

A king is the absolute ruler. And he expects people to work. I have never heard of a king who has ruled in the days of old or the days of now that he didn't have servants, slaves and people working and people occupied. I bet you during the time of a kingship you will have one hundred percent occupation and you don't have inflation. Do you know that? I didn't say some wouldn't get killed or get their heads lopped off, but I have never seen such murderous, wicked killing, fighting, we might as well have a full scale war in the United States. Because there is as much killing in this states in one year as you will find in any of the war around the world. People murdered inside their own families, killed everywhere you turn. It is really devastating. Sickness in the mind and in the heart has set in. Nothing new.

That is the way it was in the days before Noah. They were doing all kinds of wicked and evil things. It is really something. There are 20, 25, 30 things that were in the days of Noah that are like they are today. In same parallel, it is a matching period of time. Except today is more wicked than it was in the days of Noah. Sin has come to a greater place of maturity in the hearts of men today. Back in the days of Noah, the Spirit of God was upon all men. Today the Spirit of God is upon all men upon the earth. In the days of Noah all men knew of God but they worshipped according to their own hearts, the evil that was in it. Because every thought they had, desire to do the right way, every time that they spoke about God, every time that they worshipped to Him, sacrificed to Him, their heart inside was filled with their own evil, their own wicked desires, their own pleasures, their own lies.

Today, the same way in religion. The worship of religious people today is the same. They go down and sing their songs once a week. They go lift their hands. They go get down and stand up and they pray. They sing a song out of a song book. They put some money in a pot. They furnish all kinds of good programs for everybody to have fun in. And every song that they sing and every prayer they pray, every question they speak, every thought they have is laced with evil. Evil from the center of their hearts. A desire to worship themselves, worship in their own way, to believe. They are so divided between one church and another that there is no unity between any church upon the face of the earth. They hate and detest each other, believing they are the only church that has the right way to go. For instance, the Seventh Day Adventist believe that if you do not go to church on

Saturday, God's going to throw you in hell. Though Mormons believe that if you do not worship the way they worship on their beliefs, that you do not have a chance because they are going to have the 144,000 that is physically going to live on this earth. And they believe that they have some man prophet that God anointed or he anointed himself, or whatever it was that came in, and they are going to be the leaders. The Assemblies of God believe that they are going to be the only ones caught up in the rapture, sucked up from the earth and made holy. The Baptist believe that if you do not go to a Baptist church and come down and get dunked in some water, and you do not belong to that Baptist church, you are not belonging to the Baptist church of heaven.

And I could go on and on. And the Catholics believe that if you do not pay homage to the pope, the one that has that stick with Jesus stuck on the cross on it where they have got nails driven through Him day after day, where they walk around they pray to the image of Jesus on a cross hanging on a stick that that pompous man wears. If you do not give worship to him, and bow down to that bugger, and you look back at the popes in history, they have been nothing but the most filthiest vilest, crudest bunch of people you have ever seen in your life has sit in that popeship. Boy, it is the filthiest thing you have ever known. Murderers, liars, and thieves, power hungry. They are the most wicked of all people that I have ever read about. Worst than the kings of England, the kings of Russia, or the kings of Turkey. Is the popes. One of them was a woman. Dressed as a man. She had a bunch of children. Killed them all. Whatever she did to them. Sacrificed them in abortions. I mean the filthiness that runs through it. And they believe if you do not go down to some priest and get married by that priest or get divorced by that priest or you do not buy your way out of purgatory and all the other crap they have got, you do not have a chance.

Do you think any of those could organize together and be unified? It is the same as it was in the time of Jesus. Nothing new is under the sun. Nothing new under the sun. In the day of Jesus, the Pharisees, Sadducees, and the Herodians were three special classes. The Pharisees were the Baptist. "We are the fairest of the lot. We are the fairest of the lot. We do all these fine works." No spirit, no faith, no heart change, no cleanliness inside, white-washed sepulchers, Jesus called them. They are the Baptist of today. Particularly the southern Baptist and the hardshell, independent Baptist.

And then come the Sadducees, poor Sadducees, they didn't have any resurrection. They are going to have to die and die and die. There wouldn't be any resurrection for them. Why, that is the Catholics. You have got to go to purgatory, purgatory and they you have got to burn and burn and burn and then one day you will burn long enough; God will feel sorry for you long enough and bring you out of purgatory. Out of whatever this purgatory is, this hell. In other words, you are going to pay for some sins in hell.

Jesus didn't pay for them. He just did a little bit for you. It wasn't good enough to get right and clean. Poor Sadducees. They belong to the Catholics.

And then we have got the Herodians. The Herodians were the rich, the elite. They were the cream of the crop. The great leaders. They had all the blessing, all the ability. They had all the wealth and they were like God. Because they knew what they needed to do. They didn't need any help from God. They gave God help. Well, that was the Assemblies of God. Who say, "We are baptized in the Holy Spirit. We walk by the Spirit. We live in the Spirit, we worship in the Spirit and we do all things. So we are waiting now. We are just waiting to be called out any moment now. We are going to have a flash one day and we are all going to go and be caught up in the heavens. We are not going to have to get clean because it is all taken care of for us."

But I will tell you, there is nothing new under the sun. Those three existed in the day of Jesus and lo and behold they are here today! Same three denominations. The only thing different was there wasn't any church in Jesus' day, there was only Synagogues and sects and denominations. There were many, many, many, many other denominations, but these three were the three prominent ones that we see in the scriptures. As we call the scriptures. That is only a portion of God's word.

The Baptist say, "Well, there is nothing more to be written. There is nothing more coming. That was the end of it. Jesus was the Word. He came. That is all and we can't get any more. It is all over with. There is no way for man to speak to God any more, or give him dreams, well there are no more prophets coming! Because it all came with Jesus."

I will assure you that it all came with Jesus. How well I know. But I will tell you that He said Himself in Matt. 23;

"In the days to come, I will send to you scribes and prophets and you will scourge them in your synagogues and you will kill them at the altars."

And that happened. And is happening today.

And I will tell you in the book of acts, they called them prophets and apostles as they went forth. As they received the word of God by the Spirit and by revelations, visions and dreams. They called them prophets!

Well that was after the day that Jesus died. You bet it is. Nothing new is under the sun.

He sent prophets since the day of the beginning. He sends prophets today. I am not a prophet. But he sends prophets that they might speak His word from their mouth as He gives them utterance. Which means a prophet has to be broken and truly humble and truly committed to the Lord that he might speak God's word without flaw. I haven't seen any. But I know there are some available that speak as a prophet. Not flawlessly. Hope they did but not yet. They still have too much of themselves inside of them to speak flawlessly. But He still sends prophets that they might speak to the people that have gone astray. Nothing new under the sun, is it?

Same as it was in the days of the first church way back in the time of Moses, through the time of David, through the kings of Israel and Judah, through the time of Micah, through the time of Jonah, through the time of Jesus, it hasn't change. He is still sending prophets. Who are the prophets?

They are those in whom God speaks through to a wayward people. To a wayward people. As I told you, I am not a prophet. I am a farmer. I was raised as a boy as a farmer. That is my heart's desire and my daddy taught me to raise cattle and to drive cattle. But for the prophets, when they come and as they come, He speaks through them to a wayward people. No change under the sun. Nothing new under the sun. Same as it was, so is it today. To a wayward people.

I believe today that there are prophets speaking the word of God throughout this entire earth. Some of them don't even know that they are a prophet.

Because as a prophet it takes less understanding than any other thing that you can be. Because a prophet is only required to be dedicated to God. Because if you wanted to be a scribe, you would have to learn what you were going to scribe. If you wanted to be a preacher, you would have to learn what you wanted to preach. Unless you were extremely anointed. And I have not met many of them. Most of them have to have a written word. They have to study. They have to write it down so they have a big long sermon they can preach on. But a prophet speaks extemporaneously. From the voice from the word of God that renders his heart. He speaks out of his lips having not known before hand what he is going to say or how he would say it, not knowing the substance of his own material prior to speaking it.

And Jesus did likewise. The word that He spoke was the Word of God. He was the Word within. He was the very Source and all the words that proceeded out of His mouth were of the Word. The words of the Word. Did He know them ahead of time? Nope! Many cases He didn't. Many cases He spoke extemporaneously at the moment that He had need to utter that special word. Did He call Himself a prophet? I think maybe in some ways He was called a prophet. But that is not what He was. He wasn't a prophet. He was far greater than that. He was the Word in which all prophets come from. He was the Word in which all prophets need to speak with!

All prophets, true prophets of God speak by the anointing by the Spirit of Christ that must be in them or upon them. As it was in the days of old, so is it today. Nothing new under the sun. Tells you in the book of Peter. That in there that the prophets of the days of old spoke by the anointing and by the Spirit of Christ that was in them or upon them. As it moved upon them, they spoke. They didn't know what they were going to speak. In some cases, a prophet might hear a word. God says, "I want you to go down and tell somebody a certain thing." He says, "I want you to do a certain thing." And that prophet may know nothing about what the outcome is going to be. What the end results are going to be. If he is obedient, he says, "Yes, my Lord, I go." And he goes forth and he says, "Now, God, you put the words in my mouth, you put the thought in my heart, you bring it forth, I open my mouth and I begin to speak and, Lord, Your word comes out."

But if a man begins to speak with his own words, he will all of a sudden begin to stammer. He will begin to look for words, he will begin to try to figure out what do I say next. He begins to say, "I wonder if that is real. I wonder if that is of you, Lord. I wonder..." And he begins to get upset, excited, he gets worried and then at that point, he knows he should know, 'I am not speaking by the Spirit, I am in the flesh. I am in my mind. I am speaking out of my learned ability. I am speaking short of the word of God at that point. I am speaking what I learned and not what I have been given.'

Jesus spoke from what He had been given. Not by what He learned. Oh, all the learning He had in His life, formed a basis, a nature within His heart so that He had that learning within that was mixed with the word that He spoke so that He could speak parables. He could speak in understanding. He could speak with ironies of talking and truisms that He could give you related to day to day living. If He didn't know how to be a carpenter, if He didn't know about the fields of wheat, if He didn't know about raising sheep, if He didn't know about shepherds, He couldn't have spoke those things that He gave unless He had been given it all by the Spirit. Which He could have, but He didn't because He knew them. He grew up in a nature of an area as a lad that He learned all those things before He entered the priesthood.

He was a priest. He was a king. He was a prophet. He was an apostle. He was the Son of God. What does that have to do with it? All that He was came under that Son of God. He was the Son of Man. And under the Son of God and under the Son of Man, all things fell under it. And Jesus had the Spirit that made the difference. He had the Spirit of the Anointed One. He had the Spirit of the Anointed One which is known as the Spirit of Christ. And from that He had all the seven spirits listed in Isa. 11:2.

Why am I telling you all of this? Because in the second coming of the Son of Man, He Who is the second witness in His coming there will be nothing new under the sun. Hear me carefully. There will be nothing new under the sun. As it was, it will be. As it has been, it shall be. As Jesus said, "I am He Who is and was and Who shall be." Nothing new under the sun. As the same as you saw before. There will be nothing new under the sun.

And when Jesus came the first time as the Son of Man, He shook heaven and earth and all things therein. He shook it in such a marvelous miraculous way that man in his own intelligence, in his own stupid knowledge never understood what had really happened.

When He came, He was judged by the religious people and found guilty of being a blasphemer. And He had come for their salvation! But they said, "You are a blasphemer. You teach heresy. You cause rioting. You cause problems." And so they put Him to death for that reason. Their Savior then became their goat.

I am not judging them. I am just telling you what they did because what is coming is going to be the same thing. There is nothing new under the sun. And in the days before Jesus' coming until many years, God had been giving dreams and visions to all Israel. Particularly to the priest. Today for so many years now, God has been giving dreams and visions to the preachers, to the prophets on this earth. He has been telling them for so many years now that the Second Coming is near at hand, even here. And as He was telling the Jews, it was already in progress. And as He told them this time, it is already in progress and as it happened the first time, so is it going to happen again.

There is nothing new under the sun. What is, shall be. What was, will come. Hear me carefully. Nothing new under the sun. It just might be in a slightly different way. He didn't say there would be something new coming. He said there would be a Second Coming. And it tells you throughout the scriptures that this is going to happen. It is just as clear as can be. It's absolutely open to any man that wants to hear it, see it, or read it. Who has an open heart. But God hasn't told man what it is and who it is and how it is. Because their wicked heart doesn't want to hear Him. It wants to ask and beg to have all things. It wants to say, "Oh, God, start your revival right here with us. Make a big church for it. Cause us to have a glamorous and great thing here so we will be magnificent upon the earth. Make a big church for us here at this Assemblies of God." Evil man is that evil.

Nothing new under the sun. Every intent of the thought of their heart is evil and wicked from the beginning. Their desire is to glorify themselves. Lift up themselves to get something big and what is the end? They say, "God, look what we did for you."

It is like the Herodian church and the Pharisees. They said, "We are the very high class. We have all that we have need of. We know all the way that we need to go. We know how to worship God. We know how to do the right thing. Now, God, we have some money we can give you. God, we have some help we can give you. But, God, I just want to be used for your ministry. God, I just want to do your ministry. Oh, God, raise me up and make me a big man. Make us a big church, Lord. Make us glorious in your sight so we can worship you."

Nothing new under the sun, is there? God is saying, "I want you to be humble. I want you to be a broken down people. I want you to know that I do not need you, but you need Me." Jesus is saying, "I came that I could give everything to you and you do not want it. You already are fat in your own thinking. You are fat in your own ideas. You think you have everything. You believe that you are rich and you're glorious!"

And He says, "I see you as being broken down, cold, and poor, and miserable, and tainted and black in your heart. That is what He saying to them. Those are the exact words that is now being said to them. Is it because God doesn't love them? Oh, no. It is like He loves Jerusalem, it's like He loves Israel. He loves them.

As Jesus said, "Because you didn't accept Me, because you won't hear me..." He said, "I will take away from your position, your place in the kingdom. I will take away from you and I will give it to another nation who will bring forth the light thereof. Who will bring forth the fruits thereof. I will take it away from you, Israel. I will take it away from you, Jerusalem. And that is what happened.

And because another nation receives it they said, "Now, we are the rich. Now we are the rich ones. We are the ones that have got it made. We're the ones that know all about it. Well, we're the Christian nation of the world. We have it all made. We know exactly how to worship. We got all the churches. We got a lot of money. We are just rich. We are rich beyond all belief. Well, we pray always to God. God says, "You don't pray to Me. You pray about Me. You pray for your own lust, you pray for your own goods, you pray for your own power, you pray for your own might. You're not broken, you're not meek, you're not humble. You don't look to Me for My strength. This nation doesn't look to God for their might, for their strength. This people, religious people don't look to God for their

cleansing because they believe that they are already cleansed. And they are told that they are cleansed. All you have to do is be dunked into water and you are cleansed automatically. You don't need to do anything more. You don't need to confess, repent. You don't need to set up a newness of life. You don't need to go deeper.

A lot of them don't know it, because they never sought for it. But it's nothing new under the sun. There is nothing new under the sun. What was, shall be. What is, has been. Same thing. Same old thing, just with a new people involved. Same thing, just a new table involved. Same thing, just a different name for religion, just a different name for what is going on.

The Church of Jesus Christ is still available. It is still in force. It is still in life, and it is hidden in all the other areas of the world. That Church, is NOT dead. That Church is being resurrected out of the ruins of what is here on the earth today. As Jesus came, there ended up to be 120 heard Him that night and received in the upper temple. That was all that came out of the ruins. The next day Peter preached a sermon that brought 3,000 more in. But there is only a few after Jesus preached for those 3, 3 and a half years, roughly on this earth. They didn't want to hear it.

Noah preached 60 years. God dealt with man 120. He said, "Noah," and 120 years prior to that date, He said, "I won't strive with man but 120 more years. And the Spirit of God strived with man trying to turn His heart, but his ways were so wicked he had grown old in his ideas. He had grown old in his flesh. He had grown old in his religion. He had grown old in his habits. And, he was unchangeable. Because the core of his heart was to do evil always. He didn't know it. He thought he was doing right. He thought he was doing what he should have done. But, the core of his heart was to please himself, glorify himself, worship in his own way, and do his own thing against a Holy God. Nothing new under the sun, is there? It is all the same today. The core of the heart is where it is at. How well do I know it!

How well do I know it. That which I thought was good....I was found bad. That which I thought was right was a lie! That which I thought was doing right, was doing wrong! And when I thought I loved a Holy God, I found I hated Him. And I never knew such a thing existed in my heart. And if it hadn't been for a Holy God

that told me and showed me, and revealed it to my face in my understanding, I would have not known it. I would have gone to my grave with that inside me.

The same as this man on the earth today. Why was there a difference? Because I sought my God with all my strength, with all my might, with all my heart. I sought Him day and night. Nothing stood in my way. I let nothing hold me back. I let nothing detour me. Because, when I saw the light, when I knew I was called, when I knew He had called, when I saw the light, there was nothing, nothing, nothing that was in comparison to it. And all other things diminished to nothing. That I might satisfy that God with all that was in me. And every man who seeks that same thing will find it. And every man who reaches out that same way will have it.

There is just nothing new under the sun. He who reaches, God will find him. He who stands and never stands back, who stays before the Lord, will eventually be found by God. It isn't that God didn't see you the moment that you first asked, it is that He wants you to demonstrate your staying power. How long will you weep before you give up? How long will you cry out before you say, "Well, I guess God is not going to hear me." How long will you stay on a fast before you say, "Well, that is long enough. God is probably not going to answer me."

When I fasted in my days of fasting, many times, I do not know how many times, 50, 100, I never knew how long some of them were going to be and when it passed 20 days and 30 days, I committed my life to God to where I said, "God, I do not know if it may be 100. I may have missed You all the way, Lord, but if I missed You, my life is no good anyway. And if I do not have anything, Lord, I do not need to live. I just as soon be dead." And I meant that. I committed my life that I would die if that is what it took. Not because I was forcing God to do anything for me but because I knew that in my heart if I did not hear Him, it wouldn't make any difference anyway. And I wasn't demanding that God do something for me. I fasted because He was calling me to that I could rid my heart of the evil that existed within it. That is the old man I am talking about, 8, 9 years ago, or so.

And when you set your heart to that same thing, as what I have shown you, as what I have spoke to you over all these years, when you set your heart to that same thing, you will likewise find the same God that I found. You will likewise know the Holy One. You will likewise know His ways. And you will likewise know

what it means to give up the world. To die. To put your body in a coffin and leave it there. You will know what it means to be resurrected with Jesus Christ and it won't be from some dunking in some baptism of some water in some church. Though that is okay to do it if you want to. It doesn't help you a bit. But if you want to do it, fine. Jesus did it that He might fulfill all righteousness. I do not have to do it to fulfill it. He fulfilled it. He said, "I must do it to fulfill all righteousness." That finished it. But if I do it because I want to show my symbolicness of doing as Christ did, that is fine. If I want to do it so that I might know what it means, that is fine. And if it is available and I would forsake it and shun it, then I would be wrong, but if I were to set out thinking that is what is necessary to bring righteousness to me, I am a fool. It doesn't do it.

What does make a difference, if I have the baptism of water of tears in my heart for the sorrow of my sins against a holy God. That is what counts. If I have wept and I have wept with sorrow because I have known what I have done against a holy God. I am not talking about a days weeping. I am not talking about a month. I am not talking about a year. Three years was the beginning of it. Three years was just a beginning of it. I am talking about where it continues until the Lord speaks and says, "I wipe away your tears this day. I have taken away your judgments. They are no longer against you. And the king, even the King of Israel shall be in your midst forevermore." I believe that is found in Zeph. 3:15. And that is exactly the word that He will speak to you. That is the word I heard come from Him, audibly! As ringing in my heart. And that was the day that my tears began to dry up and it didn't come in one month or one year or three years. It came in the time that God said, "I have finished My work that I was doing in this area in your life that you might live for Me from this time forth."

And any man that follows it will find the same as I have told you for it is of the Scripture. It is of my Father's Word and it will work every time for there is nothing new under the sun. There is nothing new under the sun. As it was, it is today. As it has been, it shall be. As it worked in one day, it works this day. God does not change. God is immutable. God does not make a newness, God does that which is the same. Just in a different way.

Did He ever send a man back from God in the Kingdom of Heaven to come back as a supernatural man to do an event on this earth? Or did He raise up from the

earth by His own Word by His own Spirit, by His own power. Did He raise up that new one? That newness, did He raise it up? Since the day of the very beginning that is what He has done. Nothing new under the sun. He always raised up a man of each occasion. Whether it was the beginning with Adam. You know when He created Adam there might have been many other types of people in this earth? I am not saying there wasn't. I am not saying there was. You just don't know, neither was it given.

But He took that man and created Him special. Caused Him to walk upright like God. He caused Him to have the likeness of God and He breathed the Spirit of life into him so that he had life in the flesh eternally if he were to follow God after he was proven. After he was proven and after he had been given the chance to eat of the tree of life. He could continue to eat of that tree of life. That is the same as it is in God's kingdom and in eternity. Those who were saved with the wrong condition of their heart but they are saved and covered by the blood of Jesus. Their salvation is from it. They will eat of the tree of life forever.

Though Mercy endures forever there are many who will eat of that tree of life forever that they may have everlasting life. There are many who will have life within them. That I do not need to go into at this point. I have told you that before.

Nothing new under the sun. As it was, it shall be. As it has been, it is coming. First Coming, Second Coming. Son of Man, First Coming. Coming, Second Son of Man. Coming in the flesh first, coming in the flesh second.

And in the beginning when Jesus came the first time, He said, "I will shake heaven and earth." And when Jesus was crucified, He was declared guilty and Satan was the power behind that which crucified Him. Satan then caused Him to go to hell. He went with the sins of the world as an innocent man and Satan tried to lock Him up in hell. The power of darkness tried to claim the Son of God. And when He was found just and He was taken out of hell by the Spirit, He rose from the dead. And when he did that, Lucifer was judged at that moment. Up until that time, there was no judge that could judge Him. There was no witness against Him. Because all that He had done up to that period of time, was against guilty man. All that he had done from the time of the beginning up to that point was against GUILTY man. Now are you hearing me? Adam sinned. When he had

sinned, then Lucifer had the right to have power over him on this earth. Because God gave dominion to the man that He created on this earth, and when Lucifer took the power away from him, he had then the right to rule him. And God gave him that right in the physical body. Because He said, "If thou eatest of this tree, obey this serpent, you will then die." And the author of death was Lucifer. The fallen Cherubim. And when he did that, he had the right to his physical body and up until the time of Jesus there was never an innocent man. And every temptation he did, every death he caused, everything he did on this earth, he had a right to do it. He had a right to do it because it was given to him to rule this earth, over man. Over the physical body. It was given to him to do it. Are you understanding me? It is a very pertinent thing I am telling you.

And when he judged Jesus and when he crucified an innocent man at that moment, he had crucified, he had done that to the innocent. And he spilt innocent blood. He spilt innocent blood and the word that God had given, that whoever spills innocent blood, shall surely die. And that was what he did. He spilt the innocent blood of the Son of God, who knew not sin. And when that happened, he was judged in heaven. Not thrown out yet, judged. He and all that was in him were judged and the sentence upon them was death. Banishment from the face of God. Banishment from the Kingdom of Heaven. Banishment from the heavens above forever. And a time that his sentence was to be executed is yet down the road. He was judged but it took two witnesses doesn't it? It takes two. It takes two! For the punishment of death.

That second one is the Second Coming and he will justify it as being right to do it because of the man will be judge as being guilty. He won't have known that the man will have been forgiven, will have been cleansed and will have been made new in the total Word of God so that there was no sin against Him. He will have been resurrected so that He may fulfill that place and He will be the second witness against Lucifer. The power of darkness. That's what's important. Not against man. Against the wickedness of the heavens.

And when that happens, and the second death occurs, he will be judged with all that is within his man, all that is within his belief, all that is within him and they will be thrown out at that point, then the angels of God may grab him and all that are with him because they will be acting as the sheriff of the court, that

bailiff, they are the bailiff,... I do not know who the archangels, the two...Michael and the others, and he will grab them and they will be thrown out. They will be chained with a special chain. Not like man knows it. The chain is unbreakable. It is the Word of God that will chain them. It is a feature and an act of God and a chain of God that will chain them that they will never get out of it and they will be literally banished, thrown out into their eternal, everlasting punishment. Two witnesses against them. And when that happens, it will be cleansed in the heavens. And likewise, man then will be in trouble. All that follows in His ways, will be likewise taken with him. Nothing new under the sun. What has been, shall be. What was, is. And God said, "Once again, I will shake heaven and earth." What was He talking of? The Second Coming of the other witness. That Second Coming is the other witness. The other Son of Man who has the Spirit of Christ in Him.

What does the Spirit of Christ mean? It means the Anointed One. There are two listed in Zach.4. There are two listed in Rev. 11. Two. It takes two. And the both have the Spirit of Christ. The Spirit of Christ means the Anointed One. Jesus was the Christ. THE Christ. The other will be the Christ. The two anointed ones who stand before the Lord God the Father Almighty over all heaven and earth. How they stand before Him. They are in His presence and they too will be the witnesses. Both to the earth, but against the real power. Against the real wickedness. Which is the power of Lucifer in the heavens. Who has done wrong against God and that will bring the judgement upon him.

"Once more I shake heaven and earth."

He said. The first time He shook it, he shook it by the physical when Jesus came, the physical was to shake him. The second one will be the shaking of the spiritual so that it will be shaken in the spiritual and then there will be the demise of the power of darkness in the heaven and that is why after that will come 1000 years of reign without the powers of darkness having any influence upon the man of the earth, that God will show you, will show them, and will be a loving God and there will still be sin in the hearts of men who will turn against a God and there will be nothing, nothing, nothing, influencing them to turn. It is just because of sin in

mankind. From the beginning, where it came in. Because man will know which way to go. He will read the book of life. It tells him right from wrong and he will decide and discern for himself what he thinks is good. What he thinks is right. What he thinks is wrong.

The first time Jesus came He shook heaven and earth, He demonstrated it, He showed you how to cleanse the temple. He took the cords that He rolled up of rope and He took that cord and He began to beat those money changers out of the temple of God. The temple that was suppose to represent the temple of God. He beat them. I mean physically He beat them. And He yelled at them. And He caused them to get out. He said, "Get out of here. You pollute my Father's temple. Get out!" And He beat them and He whipped them. That was a demonstration. The Second Coming of the Son of Man, the Second Witness will take and He will use His voice and He will use the power of His voice with the power of the whip of the Word of God that is in it and He will drive demons out of the heart of men. He will drive man's heart unto the place where they will go berserk if they do not want to get clean. He will speak to the heart as Jesus took the whip to the men in the temple. He will speak to the money changers in the heart of man and He will drive out of them because it will scare them. It will burn them. It will whip them and they will run for fear and He will drive out the money changers in the heart of man. The evil that exist in the heart of man who is a religious temple worshipper as those people were in the temple that Jesus drove out.

They are always there in the temple selling goods. They are always there selling books. They are always there selling records. They are always there selling the program. They are always there to do do-goodies. And as Jesus drove those do-goodies money changers, profit makers out of there, so will the Second Coming Son of Man and the Second Witness, drive out by the fear of His voice. He will cause man to shiver upon the earth, because He will speak to their heart with that special anointing and He will drive them into fear. And He will send the money changers out of the temple. That He might show you what it means to shake heaven and earth one more time. The shaking of heaven and earth one more time.

And as God said in Habakkuk 1:5, "I am going to do something new. I am going to do something so startling. I am going to do something so big and different, that if I told you what it was, you couldn't understand it. I am going to do something so startling, so real, so absolute, that when it comes to pass if I told you, you wouldn't understand it. But most assuredly it will come to pass," He said. That is a Scripture for this day and this hour. The time is near at hand. Right at our door. And that is the word that He is telling you. It is near at hand right at our door.

And the first shaking of heaven and earth was in the physical. The second shaking of heaven and earth is in the spiritual. The first time Jesus used a whip that you can see, drove out those money changers, those filthy abominations in the church of God in the house of the temple of God, this time He will use the voice, He will drive them out by the whip of the voice of the Witness of the Son of Man and He is going to drive it out of the hearts of man. That is in Scripture too. It is written. It is written that men will send cards to one another and they will be so thankful at the death of these Witness because they stirred them up. They caused them to be so fearful. They caused them to be so worried in their hearts, so guilty, seeing the sin of the money changers in their heart, that when their death comes, they will be rejoicing. And saying, "Whoop! We are glad to see them dead. Great to have them dead." And this is what religious man is going to do.

They are going to believe that they have done God a favor. Just like the Jews did. Just like the Pharisees, the Sadducees and the Herodians did. Because Jesus said, "As the man on this earth today says in their church, 'The Jews killed the Savior. The Jews killed their own Savior, the Son of God. Boy, we are sure glad we didn't. We believe in Him. And we wouldn't do that.'" He said, "I am going to give them a chance to likewise have the same sin upon them when they crucify the Second Coming of the Son of Man who is the other Witness because they won't believe Him either.

So that Mat. 23 may be fulfilled in that area. That is the word that I have for you. That is the word that I give to you. That you may know that there is nothing new under the sun. You may know what has been, shall be. What has to come, has come. And what is spoken, is still spoken. And what will be is here. You better

listen. Keep your ears open. Because God has sent prophets around the earth, we want to hear them. We want to be open hearted. We want to be open minded. We want to hear it because He will tell those that are listening, what is coming. Don't watch the world events, watch the spiritual events.

The world events will only tell you that the time is at hand. They are the signs of the time. They are not the time. They are the signs of the time. They are not the happening, they are going to tell you that happenings are coming.

(Some cut out here)

I did not say it was, I said it is very possible that that is what it is. Listen to me carefully. Do not try to figure it out. Do not try to understand it. Just listen because if in the years to come, it proves and it is understanding to know that what I told you, you should have put it in your heart and been aware that that could have been happening. Because as the Jews did to Jesus, so will this nation do to the Second Coming, because the Second Coming is going to be here in this United States. The nation that Jesus said, "I will take away from you, Israel, and I will give it to another nation, who will bring forth the fruits thereof." And this was that nation, founded upon the freedom for religion and the nation that brought the Word of God in the later days, throughout the world, until they went into apostasy and went into a lukewarmness and works and into lies and big money and now they are just so far off, they are just like the days of Noah.

Hear me. Set your heart right and listen. Prophets are speaking around the world. They do not even know who they are. They do not even understand what they are saying. They say sometimes, "I do not know why I am saying this. I do not know where I got it from, but it is just in my heart to say this prophecy. Listen to it and remember that as they come together you will begin to see the picture that God is planning for you.

Just remember that there is nothing new under the sun. The great preacher of the day of old, the man who God said, "You will have wisdom like no other man has ever had, Solomon, said that, wrote that, prophecy and spoke that. There is nothing new under the sun. But what is, shall be. What has been, shall come. Here it carefully. As the days of Noah, so shall it be. As the days of Jesus' first coming, so shall it be again. Just a little different picture. Just different people. People forgot what it was like. They never looked. It is all parallel today. Hear...
