

1. INFORMATION WE COLLECT

Depending on how you interact with Nova One, we may collect information directly from you, automatically through your use of our services, or from third parties.

Information you provide to us may include your name, email address, telephone number, mailing or billing address, username, password or other account credentials, profile information, subscription information, communications with Nova One, customer-support requests, survey responses, contest or promotional entries, and other information you choose to provide.

If Nova One offers creator accounts, we may also collect professional information, creator profiles, biographies, social-media information, submitted content, content ownership or licensing information, payment information, tax-related information where legally required, and other information necessary to operate creator services.

2. PAYMENT INFORMATION

If you purchase a subscription, content, event access, merchandise, or another paid Nova One service, payment information may be collected and processed by our payment service providers.

Nova One may receive transaction-related information such as your purchase amount, subscription status, payment method type, transaction date, and limited billing information. We may not directly receive or store your complete credit or debit card number when payments are handled by a third-party payment processor.

3. INFORMATION COLLECTED AUTOMATICALLY

When you access Nova One, we and our service providers may automatically collect certain information about your device and use of the service.

This information may include your IP address, browser type, device type, operating system, device identifiers, approximate location derived from IP address, referring pages, pages viewed, links clicked, dates and times of visits, session information, crash information, and other technical or usage information.

For streaming services, we may also collect information about content viewed, searches, watch history, playback activity, viewing duration, favorites, saved content, recommendations, and interactions with movies, series, music, creator content, travel programming, live events, or other Nova One features.

4. COOKIES AND SIMILAR TECHNOLOGIES

Nova One may use cookies, pixels, software development kits, local storage, and similar technologies to operate and secure our services, remember your preferences, understand how visitors use Nova One, measure performance, provide personalized experiences, and support marketing where permitted by law.

Where required, we will provide choices regarding non-essential cookies or similar technologies.

Your browser or device may also allow you to block or delete certain cookies. Doing so may affect the availability or functionality of some Nova One features.

5. HOW WE USE YOUR INFORMATION

We may use personal information to provide and maintain Nova One; create and manage accounts; process subscriptions and transactions; authenticate users; deliver streaming content; maintain watchlists and viewing history; personalize content and recommendations; communicate about accounts, transactions, updates, and customer service; administer promotions and events; operate creator services; detect fraud and security threats; troubleshoot technical issues; analyze and improve our platform; comply with legal obligations; enforce our agreements; and protect Nova One, our users, creators, partners, and others.

Where permitted, we may also use information to send marketing communications about Nova One programming, new releases, events, promotions, creator content, products, or services. You may opt out of promotional email communications using the unsubscribe mechanism provided in those messages.

6. PERSONALIZATION AND RECOMMENDATIONS

Nova One may use information about your viewing activity, searches, preferences, saved content, and other interactions to personalize your experience.

For example, we may use this information to recommend movies, series, music, travel experiences, creators, original programming, live events, or other content that we believe may interest you.

7. HOW WE DISCLOSE INFORMATION

We may disclose personal information to vendors and service providers that perform services on our behalf, such as website hosting, cloud infrastructure, streaming technology, content delivery, payment processing, analytics, security, customer support, email delivery, and marketing.

We may also disclose information when reasonably necessary to comply with applicable law or legal process; respond to lawful government requests; investigate fraud, abuse, or security incidents; protect the rights, property, or safety of Nova One or others; or enforce our agreements.

If Nova One undergoes a merger, acquisition, financing, restructuring, sale of assets, bankruptcy, or similar corporate transaction, information may be disclosed or transferred as part of that transaction, subject to applicable law.

We may disclose information to other parties when you direct us to do so or provide appropriate consent.

8. ADVERTISING AND ANALYTICS

Nova One may use analytics providers to understand how our website and services are used.

If Nova One offers advertising-supported services, we may work with advertising and technology partners to deliver and measure advertisements as permitted by applicable law.

Depending on your jurisdiction, certain disclosures or uses of personal information for targeted or cross-context behavioral advertising may be considered a “sale,” “sharing,” or targeted advertising under applicable privacy laws. Where required, Nova One will provide applicable opt-out rights.

9. CREATOR CONTENT

Users participating in Nova One's creator platform should understand that information intentionally made public—such as a creator name, profile photograph, biography, channel information, public posts, videos, comments, or other published material—may be visible to other users and the general public.

Creators should avoid publishing personal information they do not want publicly available.

Separate Creator Terms, content licenses, or agreements may apply to content uploaded or distributed through Nova One.

10. DATA RETENTION

We retain personal information for as long as reasonably necessary to provide our services and fulfill the purposes described in this Privacy Policy, including maintaining accounts, completing transactions, satisfying contractual obligations, resolving disputes, preventing fraud, enforcing agreements, and complying with applicable legal requirements.

Retention periods may vary depending on the type of information and the reason it was collected.

11. DATA SECURITY

Nova One uses reasonable administrative, technical, and organizational safeguards designed to protect personal information against unauthorized access, disclosure, alteration, loss, or destruction.

However, no website, streaming platform, electronic transmission, or data-storage system can be guaranteed to be completely secure. Therefore, we cannot guarantee the absolute security of personal information.

12. YOUR PRIVACY RIGHTS

Depending on where you live, applicable law may give you rights concerning your personal information. These may include the right to request access to personal information; request correction or deletion; obtain a copy of certain information; opt out of certain sales, sharing, targeted advertising, or profiling; limit certain uses of sensitive personal information where applicable; withdraw consent where processing relies on consent; and appeal certain decisions concerning a privacy request.

Nova One will not unlawfully discriminate against you for exercising applicable privacy rights.

We may need to verify your identity before processing certain requests.

13. U.S. STATE PRIVACY RIGHTS

Residents of certain U.S. states, including California and other states with comprehensive consumer privacy laws, may have additional rights regarding their personal information.

Where applicable, Nova One will provide required notices and mechanisms for exercising those rights, including applicable rights concerning access, correction, deletion, portability, targeted advertising, sales or sharing of personal information, and appeals.

The exact rights available to you depend on your jurisdiction and Nova One's obligations under applicable law.

14. CHILDREN'S PRIVACY

Nova One is not intended for children under the age of 13 unless a specific service is expressly designed for children and appropriate parental consent and safeguards have been implemented.

We do not knowingly collect personal information from children under 13 through a general-audience Nova One service in violation of applicable law.

If we learn that personal information from a child has been collected in circumstances requiring parental consent without obtaining the necessary consent, we will take appropriate steps consistent with applicable law.

Parents or legal guardians who believe a child has provided personal information improperly should contact Nova One.

15. THIRD-PARTY SERVICES AND LINKS

Nova One may contain links to websites, social-media platforms, applications, payment services, advertisers, creator pages, or other third-party services.

Those third parties operate under their own privacy practices. Nova One is not responsible for the privacy practices, security, or content of third-party services.

We encourage users to review the privacy policies of third-party services before providing them with personal information.

16. INTERNATIONAL USERS

Nova One may be accessible from locations outside the United States.

If personal information is transferred across national borders, we will handle such transfers as required by applicable law. Privacy rights and data-protection requirements may differ depending on your location.

17. EMAIL AND MARKETING COMMUNICATIONS

You may receive service-related communications necessary to administer your Nova One account or services.

Where permitted, we may separately send promotional communications. You may unsubscribe from promotional emails by following the instructions contained in those messages.

Unsubscribing from promotional communications will not necessarily prevent you from receiving important account, security, billing, transactional, or service-related communications.

18. CHANGES TO THIS PRIVACY POLICY

We may revise this Privacy Policy periodically to reflect changes to Nova One, our business practices, technology, or applicable law.

When changes are made, we will update the “Last Updated” date at the top of this policy. Where required by law, we may provide additional notice regarding material changes.

We encourage you to review this Privacy Policy periodically.

19. CONTACT NOVA ONE
