Agent: Angel Lozano

Client: Jason Eric Nord

We were first time home buyers with little knowledge of how the process worked or what to expect. Angel Lozano walked us through every step of the way and explained everything that we needed to know.

Angel always made time for us. When we were worried that we were wasting his time seeing so many open houses, he completely reassured us that it was not the case. Even when we had given up looking for a house, thinking we had been priced out of the market, Angel did not give up on us. He kept looking, and soon found us the perfect house for our needs. I can't imagine missing out on this house and we never would have gotten it without Angel.

Angel's work did not stop there. He continued to guide us through contracts, inspections, escrow, and closing. He even helped guide us through the renovation process and personally lent me his own tools!

From start to finish, Angel was there for us. I can't possibly recommend him any higher. I tell all of my friends and coworkers to call Angel if they want to buy or sell a home
