## Brunswick County Agriculture Fair and Expo, Inc.

Our organization exists to ensure Brunswick County has an Agriculture Fair and Expo for as long as possible. Farming has been the heartbeat of Brunswick County long before vacationers flocked to our beaches. We believe in the future of farming in our area, and we desire to continue to foster that relationship in our county. We encourage strong and sustainable connections between agriculture and our communities 365 days a year, not just for a few days at the fair. Our mission is to energize and inspire the next generation of agriculture work and preservation through education,

entertainment, and a return to wholesome family fun. We are proud to be a part of the agriculture heritage of our county and instill that pride in future generations.

You have an opportunity to be part of the second annual Brunswick County Agriculture Fair. Our fair is supporting farmers in our local area as well as across the state by giving them a platform to showcase their products and educate our communities about the importance of agriculture today and in the future. Over 200 different types of farm products and livestock will again be on display for competition and educational programming. We will continue to illustrate what it means to bring agriculture from “farm to table.”

Agriculture artisans will bring crafts, baked goods, local honey, livestock and other handmade items to be judged and will remain on display for the duration of the fair. Outside the competition pavilion we showcase the history of farm equipment from the 1950's to present day.

We partner with 4-H and FFA student programs to focus and illustrate the impact and importance of youth leadership in moving the mission of agriculture preservation forward. Youth are included in our presentations, competitions and fun! Brunswick County 4-H will be participating again this year with their dairy calf and goat shows. Community youth are also participating in their own livestock shows.

Our livestock pavilion will showcase livestock giving the community opportunities to get up close and personal with different types of cows, goats, pigs, chickens, turkeys, rabbits and horses. Livestock displays are always a crowd favorite.

Entertainment featured at this year's fair will include Ember Fire Arts, a one-of-a-kind performance displaying some of the most amazing fire artistry that is both incredible to watch while showcasing extreme skills. Brad Matchett will be bringing his world renown Comedy Hypnotist show. You will not believe all he can do.

We are a non-profit organization whose primary mission is agriculture preservation and education. All profits from the fair and our future activities go directly back into the mission and the goal of creating a year-round home for agriculture expos, competitions, and rodeos. This year we have established a scholarship program to offer financial assistance to students planning to pursue agriculture fields of study after high school.

A fifth-generation family farm is at the heart of this organization and we know that farmers are imperative to our daily lives. We hope that you will join us in this mission to educate our communities about agriculture and the importance of keeping farming in our county and state and passing our love for this important work into the next generation.

**2026 BRUNSWICK COUNTY FAIR  
SPONSORSHIP APPLICATION**

**Wednesday, October 21  
through  
Sunday, October 25, 2026  
(5 DAYS)**
