

## Access-GN1 Gooseneck - Concrete Mount

- 42" High with 12" Throw
- Includes Base GN-3 Plate Cover
- Black Powder Coat Finish

The Access-GN1 Pedestal Concrete Mount Gooseneck is manufactured exclusively for SGC using heavy-gauge steel and a durable, black powder coat finish. Its made of 2" x 2" square steel tubing (thickness 1/8), providing ample room for various wiring needs. The uni-versal head face-plate is approximately 4" x 4" (thickness 3/16) and features diagonal slot openings for mounting access control equipment from various manufacturers.

**GN1-F** Has a separate mounting plate for Firebox.

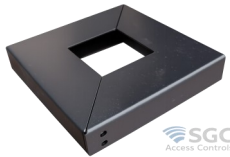

## Access-GN2 Gooseneck - In-Ground Mount

In-Ground Gooseneck Pedestal is designed to be used with any of the SGC-series boxes and is ideal for drive up communications.

- In-ground pedestal
- Height: 64"
- Material: 2" x 2" square tube (thickness 1/8)
- Black Powder Coat Finish
- Notched for conduit

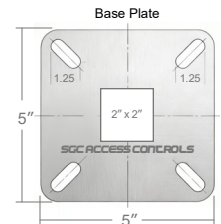

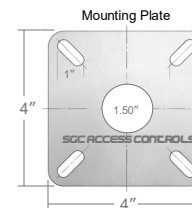

**GN2-F** Has a separate mounting plate for Firebox.

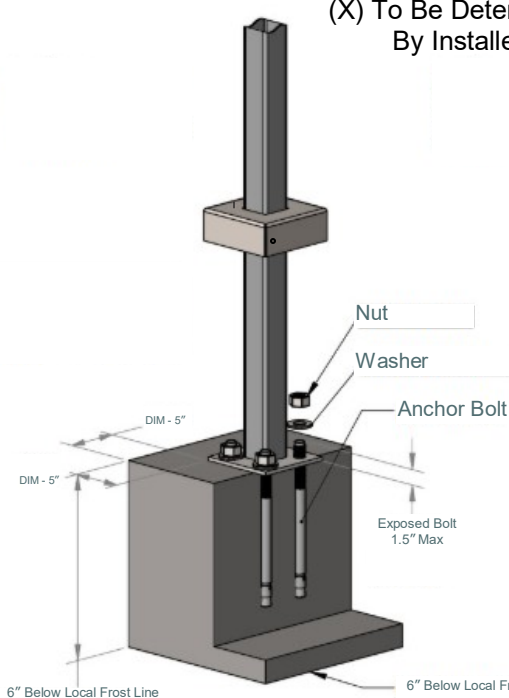

## Access-GN3 Gooseneck Plate/Bolt Cover

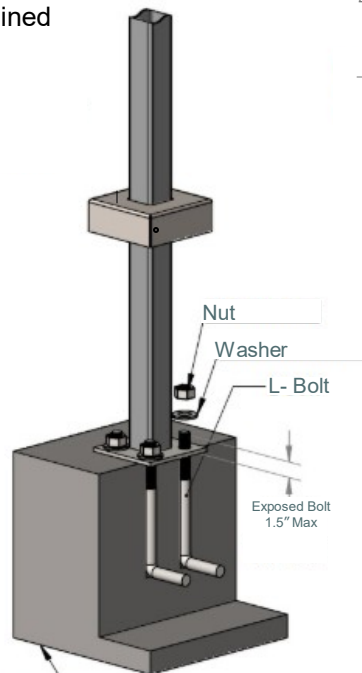

Can be adapted to any 2" x 2" square Post or Gooseneck
