

The background of the entire image is a gradient from pink at the top to yellow at the bottom. Numerous short, light blue vertical lines are scattered across the upper two-thirds of the image, representing falling rain. At the bottom, there are several green, rounded bushes or mounds of grass. Five purple tulips with green stems and leaves are growing from these bushes. The text is centered in the middle of the image.

# March Break

At Tania's Place during March break, we enjoyed doing themes throughout the week. It consisted of Pajama Day, Colour Day, Hat Day, and more!

Enjoyed being comfy and stylish in their Pajamas!

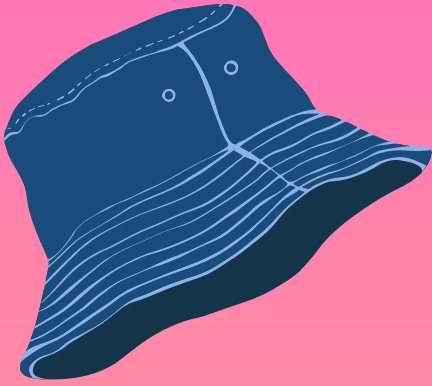

Clients showed up with their popping colours. Truly making it a bright day in Tania's Place!

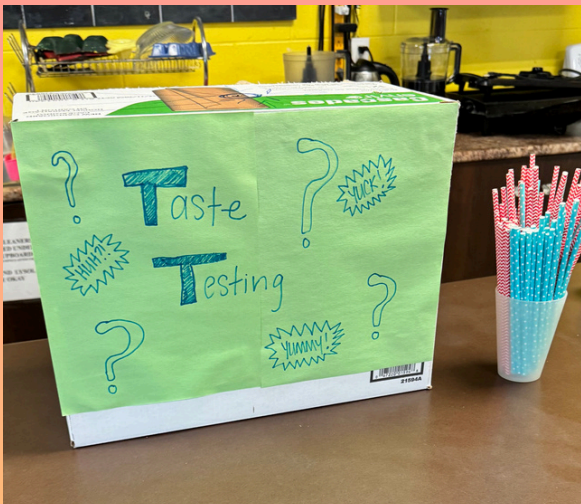

# March Break

Looking stylish! From cowgirl hats to firefighter hats. At Tania's Place we got it all!

For one of our March break activities, clients were put into 2 groups and had to sip from a straw and try to guess what they were tasting. This consisted of different juices and water!

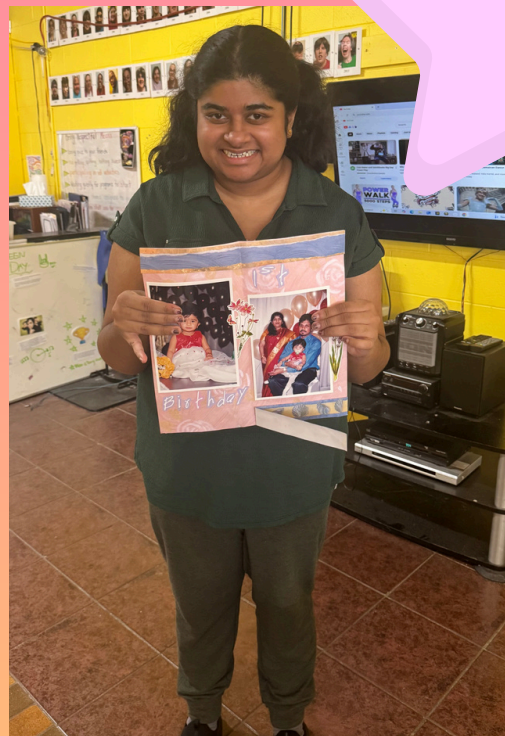

# Show and Tell

Steven loved showing us his dog named Wags for show and tell! Steven goes on to tell us that he is his favourite friend.

For show and tell Abi brought in a poster with pictures from her first birthday! It shows her as a baby, and how happy she was to celebrate with her family.

Kevin enjoyed show and tell by sharing his St. Patrick's Day hat. Kevin told us about his culture in Ireland and shared how they would celebrate St. Patrick's day there!

# Art Program

During art program clients had a choice of creating a bracelet or a bag chain. The task was to choose beads of the colour they like and to put in on string to create one of the following.

# Outings!

As the warm weather begins to approach us, we will start going on more outings! We will officially begin shopping in May on Monday and Wednesday, as well as bowling on Tuesdays! Please keep a look out for notes in bags!

This month we continued our outing at Melly's Cafe! Everyone enjoyed their hot or cold drinks with a choice of a cookie!
