# Summer program!

*Akim and Lisa baking, Jenny and Tania playing clothes pin tag.*

We also had some relaxing time with baking, where we made lots of nice snacks for the 20th anniversary party. It was great to get creative and make some things we don't normally do throughout the year.

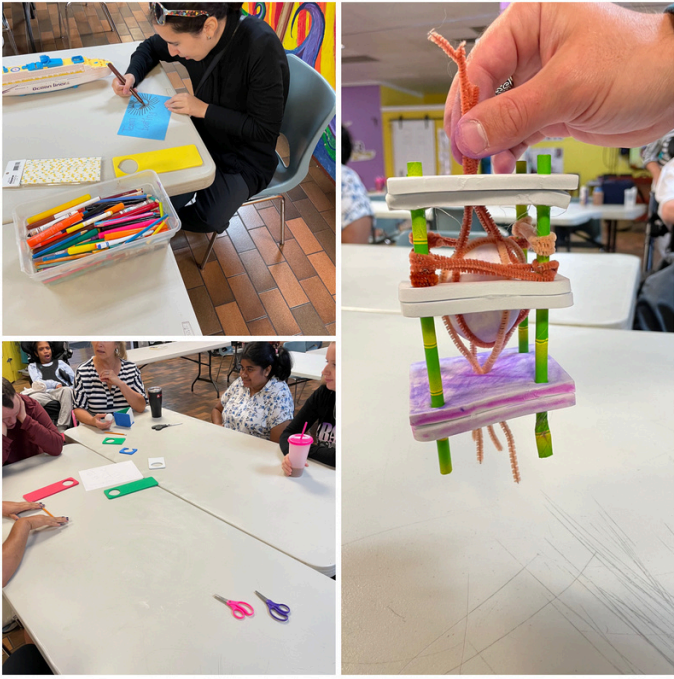

Our summer program was full of fun and laughs. Everyone pulled out their competitive side for the games which was really fun! We had an obstacle course relay, clothes pin tag and airplane making/racing.

# Summer camp!

*The egg cages!*

One of our activities consisted of making a mini fortress to protect an egg. We split up into 3 teams, and found strong materials. One group cushioned the egg with foam, another group suspended the egg in pipe cleaners, and another group made a tiny box of foam. Every egg survived the drop!

We had another game that was played in groups of 2, where the goal was to roll a ball gently enough that it stuck to the tape. This one was a big hit, and of course we had a dance party that everyone always loves.

# 20th Anniversary party!

*Cake and balloons!*

Our 20th anniversary party was a blast! It was great to celebrate Tania's Place with all of our amazing families. In addition to the 20th anniversary we were able to celebrate Nancy and her retirement as well! We wish her lots of fun and relaxation during her retirement. Thank you to all the families that came out!
