

**Who Should Apply**

The workshop is for health and medical journalists interested in enhancing their skills in reporting on medical research. We are looking for a broad spectrum of applicants to attend the conference. To that end, we encourage all individuals to apply. If you are a media outlet wishing to submit several applications, please prioritize them so we can do our best to accommodate you, space permitting.

**I do not work in health/science journalism, but hope to move into the field – Should I apply?**

Priority is given to journalists currently working on health and medicine topics. However, experience in covering health and science is not a prerequisite so you are welcome to apply.
