WARNING:

EZ Table is NOT to be used as a step, or seat. Using the table as either could result in bodily injury or damage to table.

ALWAYS remove table before driving.

EZ Table Max load capacity is: 50lbs(when table is installed properly)

BEFORE BEGINNING, SEE THE ASSEMBLY INSTRUCTION VIDEO ON EZTRUNK.NET

3

Diagram (3) Place table over tire. Hold table in place with pressure and hand pull the support bar towards you to make a secure tight fit. Then tighten the thumb bolt on each side of table.

4

Diagram (4) Take hook side of webbing and feed through Hole #1 & #2 hooking onto Hole #3. Then adjust webbing tight with fastener to secure tightly to the vehicle tire.

5

Diagram (5) Loosen the thumb turn bolt on center leg and adjust accordingly to the correct height. Tighten bolt to secure. Test stability & positioning by pushing down on all four corners. Table should not move and be secure.

6

Pull the bottom of buckle to release the hook. Follow opposite steps to remove the EZ table from tire.
