SPORTS TECHNOLOGY

Our customized app solutions, consist of a prime user friendly interface to interact with all sponsors, partners, spectators, teams, athletes, artists, F&B outlets and more, for the sake of delivering an exceptional experience, pre, during and post the event, in line with the Sports Health measures of the COVID-19 to minimize as much as possible any physical contact with parties involved.

SPORTS EVENTS HEALTH SAFETY

[COVID-19 COMPLIANCE]

In the light of the COVID-19 Pandemic, we have all witnessed cancellation of elite Sports events causing major economic failures, delays in athletes' careers, and drastic change in the world's sports events calendar.

The World Health Organization along with the International Sports Federations, and local authorities published a set of guidelines and standards to re-open safely sports events and venues.

With this thread of light, Eight Bridges Sports (EBS) has developed a 360° line of services to bring Sports back in the Game!

What to expect in our scope of work?

Our global sports' event plan offers a complete range of services covering 3 main phases: **ASSESSMENT, PLANNING** and **IMPLEMENTATION**, to insure an equally secure and safe environment for all parties involved.

360° SOLUTION OUR METHODOLOGY

01

ASSESSMENT

- Evaluate the external and internal environment
- Partner with reliable parties within the medical, sanitization, legal field
- Assess the level of risk VS the level of mitigation
- Plan to implement the respective measures

02

PLANNING

- Create a task force including specialists (tech, medical, sports) to plan and validate the list of actions
- Develop customized checklists, tools, equipment and technologies
- Partner with related stakeholders to ensure high level services
- Assure insurance policies covering vital aspects and elements of the event.

03

IMPLEMENTATION

Implementing all aspects of the checklists in line with the planning.

A. SET-UP

- Awareness communication
- Team training
- Health sanitization tools
- Organization/ logistics set-up

B. Certification/ Authorization

- Pre-certification
- Approval

C. Operation

- Pre-Event organization
- Event organization

We provide along our organization and mapping services:

1. Trained Human Resources
2. Certified Sanitization Services
3. Safety Equipment
4. Customized Spectators and Attendees Kits
5. Standardized Food Safety
6. Branding
7. International Insurance services
8. Latest Integrated Technology

All in line with the World Health Organization, Sports Federations and Local authorities, checklists and requirements.
