# STAY SAFE

## CORONAVIRUS 2020

Entire families are sheltering at home, often in close quarters. Children aren't attending school and parents have become teachers. Anxiety about health, education, and finances is high. For as long as we are confined to our homes, many parents who are struggling with substance abuse, medical or mental conditions, or more will no longer have any reprieve from the hard work of keeping their children fed, entertained, and educated. All the perfect storm for increased rates of child abuse.

## MAKING A DIFFERENCE

Butler County Alliance for Children is implementing a Play Safe \* Stay Safe Initiative. We will be collecting new, unopened board games, card games, outside games etc. that will be donated to families throughout Butler County. With your support, we can help provide families with activities to facilitate bonding, family time, and just a get-a-away from it all.
