

If you have started a new business,
or you have developed a new invention or service idea,
ask yourself the following question:

Do you believe this could become a big operation?

If the answer is **yes**, then **Ruby Gold Standard Programs** will:

Provide you with a clear strategy and action plan to help you become a business owner and a fully established operation ready to launch within weeks, enabling you to reach your goals in months instead of the 99% failure rate.

Protect you from the endless misleading services that labelled you as a startup to think and operate like a needy child, then profit from keeping you dependent and totally blind to the world of true business.

Equip you with critical warnings and guidance to help you avoid costly mistakes.
