

## **2. Life-Saving Briefings Before Launch**

A briefing on key misinformation that contribute to the 90% failure rate of entrepreneurs.

A briefing on blind spots. Blind Spots example is “widely accepted habits” that can have severe consequences, such as being excluded from important circles or feeling isolated. It is called a Blind Spot because the connection between the habit and the consequences is not obvious.

## **3. Critical Personal Transformation Training**

Even initial successes can be short-lived if it is undermined by internal disagreements or by the inability to build genuine connections with the world around you. Without this, you risk isolation, procrastination, and missed opportunities.

RGS Strategies - Program 1 equips you with tools to train yourself to perform at a champion level.

## **4. High-profile strategy, and winning customers:**

High-Profile strategies attract good people and opportunities without being reduced to a low-level salesperson.

RGS Strategies 1 provides an action plan to achieve this.

Presently, most entrepreneurs spend years searching for their next big break, relying on random people and unproven strategies. If those strategies truly worked, we wouldn't see a 99% failure rate. As we all know, this often leads to anxiety and depression.
