The handshake of wine is symbolic in that it expresses the hard work and dedication that goes into each bottle. It has a way of bringing people together to form a community over a shared experience.

 Our delicious community is something to be celebrated by handing a glass of wine to a friend for a toast. We welcome you to our wine community. Let's wine together, cook together, and learn together.

 Read our article "The handshake of wine" in our bio link and shop fantastic small-production wines.

risingwinescollective This isn't a head-to-head battle per se, but an exploration between two well-known Pinot Noir regions. We were inspired by this exciting grape and pulled together a comparative tasting bundle from the Willamette Valley and Sonoma.

This bundle is terroir-driven with a diverse mix of:

-  small-production
-  family-owned
-  minimal intervention
-  vintages of 2012-2021

dutyfreeyyz Do you have a whisky connoisseur in your life? Aside from its ability to be savoured and celebrated in many ways, whisky never fails to make a great gift.

Each and every bottle has a compelling story and creative process that produces its remarkable character.

Like wine, whisky develops unique aromas, flavours, and complexity during the production and aging processes.

Whether you are shopping for someone who is new to the occasional dram of whisky, or an aficionado looking to expand their rare whisky collection, we have the perfect option.

After all, no whisky collection is ever truly complete.
