

LONGMARSH GREEN ENERGY SOLAR PROPOSAL

Fincham Parish Council Extraordinary Meeting

The Parish Council recognises that residents may have questions, concerns and a strong interest in understanding what the proposals could mean for Fincham and the surrounding area.

The Council is committed to seeking further information, identifying the key issues that require investigation and ensuring that the potential effects on the village and its residents are carefully considered.

The Council has not yet formed a formal position on the proposals and will consider them carefully as the consultation progresses.

04 NOV, 2026

7:30 PM

FINCHAM MEMORIAL HALL

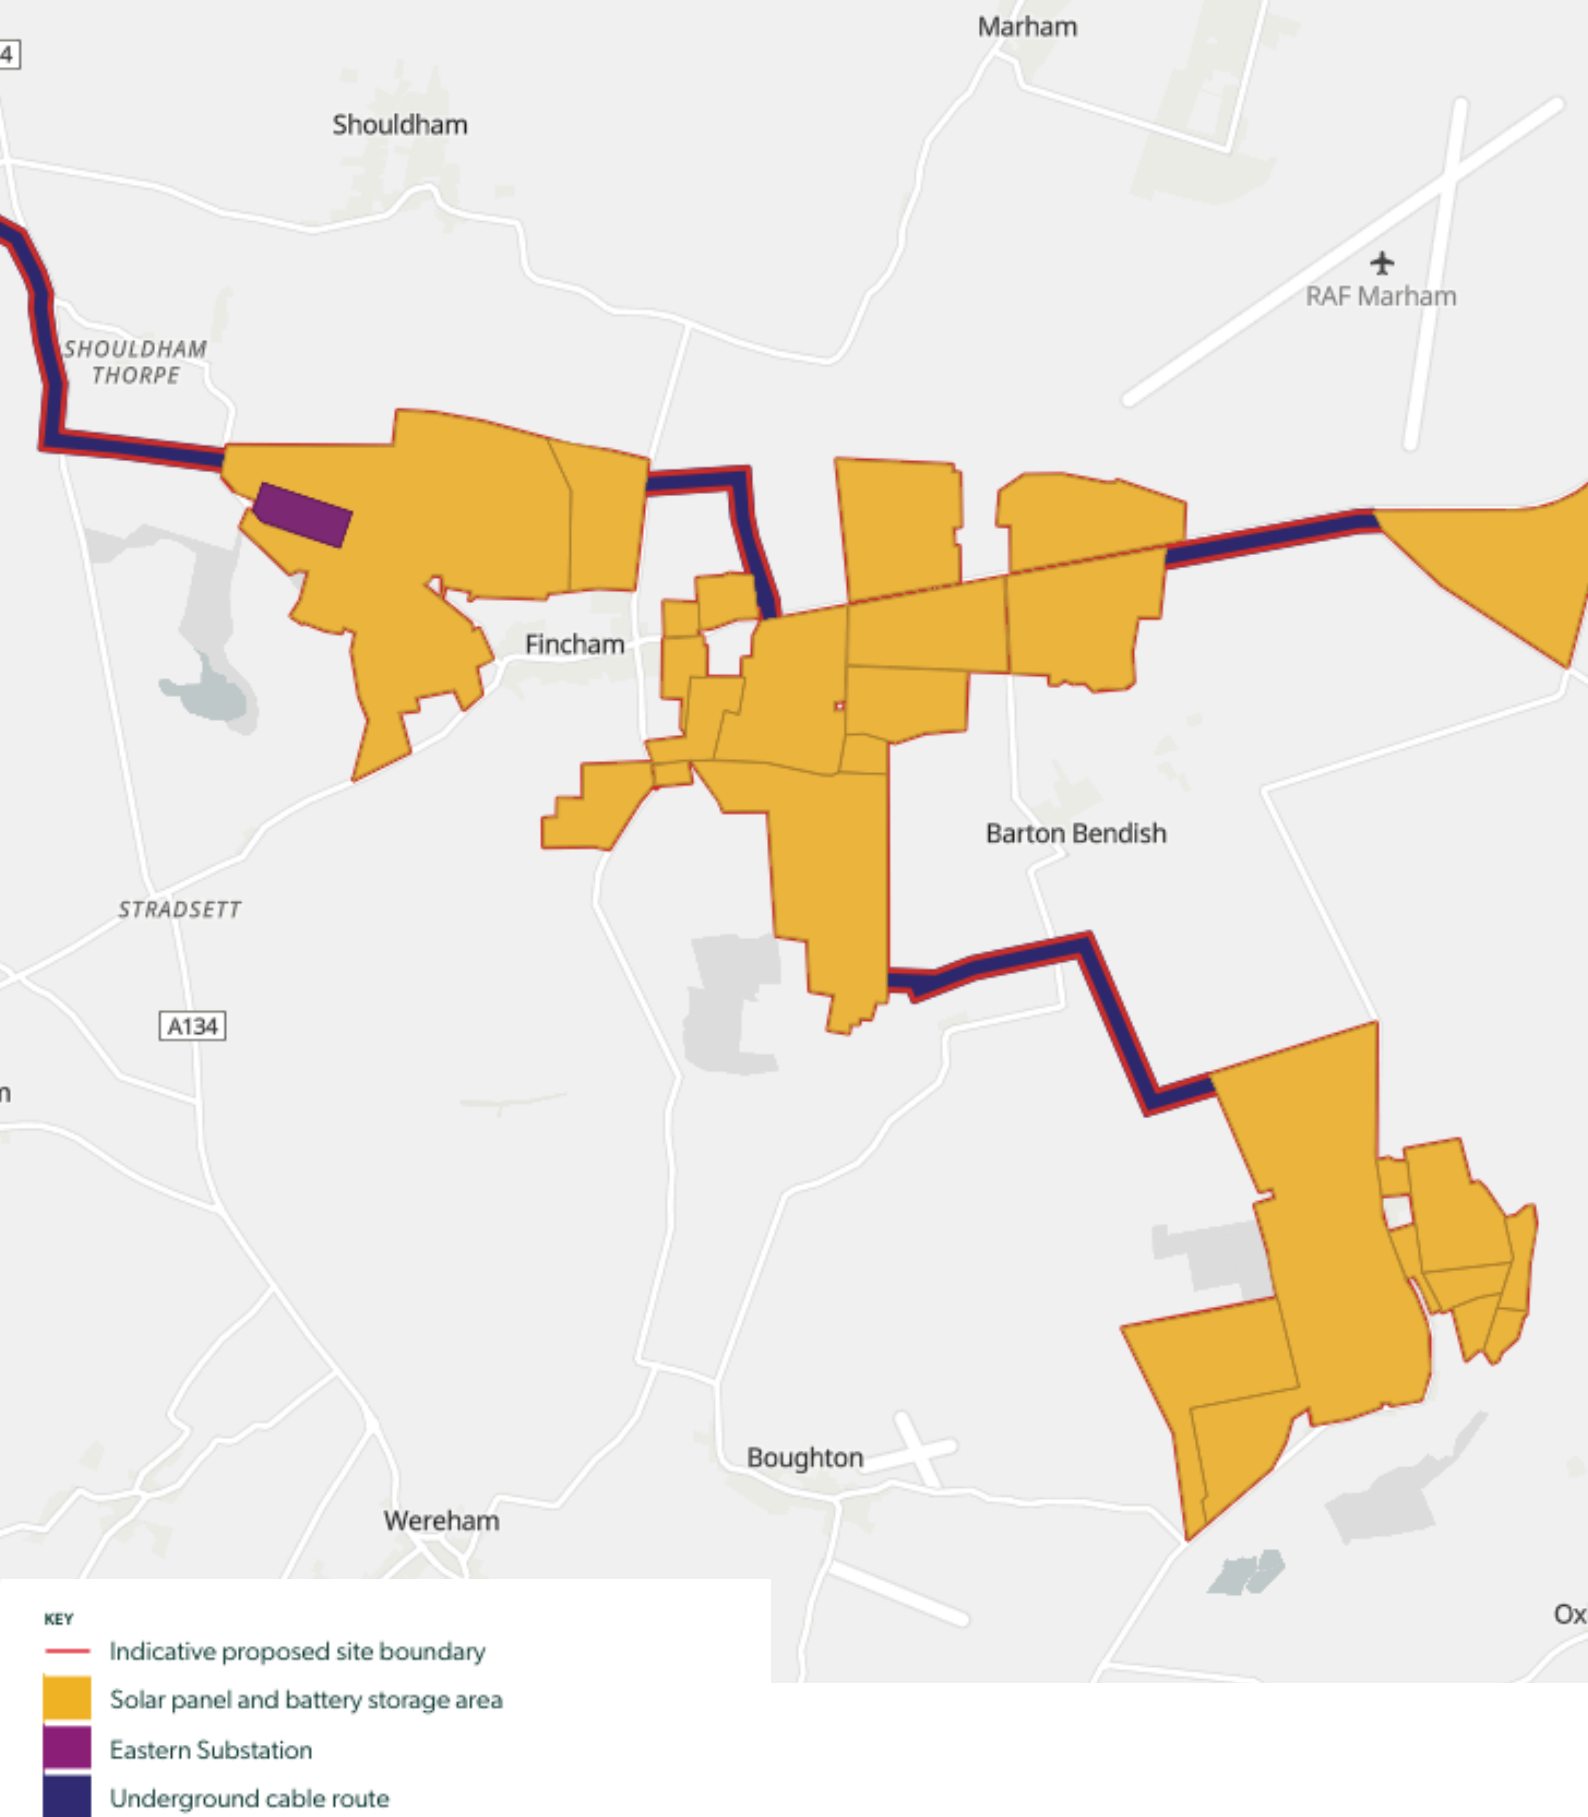

www.finchamparishcouncil.uk

01366 666781

Longmarsh Green Energy will NOT be attending the public meeting to answer any questions or raised concerns.

Eastern Site

The Eastern Site would contain solar panels and battery storage, with the substation located in the western part of the site at least 300m from the nearest homes and other amenity sensitive receptors.
