
HYDRAFACIAL

Hydrafacial is a patented facial cleaning device which deeply cleanses, extracts, and hydrates the skin through our super serums filled with antioxidants, peptides, and hyaluronic acid. It's an invigorating treatment that delivers long-term skin health and can be tailored to meet the specific needs of all skin types. The treatment can be completed within 30 minutes, with no downtime.

- Protect your skin with sunblock this will protect the skin from harmful UVA-UVB rays and slow down the aging process.
- Drink lots of water after your treatment this will boost hydration for your skin and help detoxify your body.
-
- Do not sunbathe 3-5 days before or after your treatment. This may result in further sun damage to the skin prior or after your treatment.
- Discontinue use of all topical R/X retinal products 3-5 days prior to your facial, this may irritate your skin during the treatment resulting in redness and sensitivity.
-
- For optimal results use the recommended products given to you by your provider for the ongoing health of your skin.
- Refrain from exercise 24-48 hours after your treatment, you're liable to breakout due to excessive sweating, cross contamination or bacteria on the skin from gym equipment or yoga mats, etc,. In addition, refrain from swimming in saltwater or chlorinated pools, this will dry out your skin resulting in dry and irritated skin.
- Protect your skin with sunblock recommended by your skin care professional, this will protect the skin from harmful UVA-UVB rays and slow down the aging process.
- Do not pick your skin, if you have a breakout or allergic reaction before or after your treatment contact us directly and we will provide you with instruction to assist you.
