

VICTORY URNS

Handcrafted in the U.S.A. at Mark Thomas

Victory urns are in a class by themselves. Each one is hand-thrown in the Mark Thomas+Chapel Craft studio and hand-decorated by our master potter, Hannah. You are welcome to stop by for a tour. Please allow three weeks production time.

Glue is provided to seal them permanently. These urns are also suitable for use as a scattering urn.

Victory urns are approximately 200 cubic inches in size. Because each urn is handmade, the dimensions and exact appearance vary somewhat from piece to piece. Your satisfaction is guaranteed, however.

These gorgeous **hand-thrown** and **hand-decorated** ceramic urns are designed and created by ceramic artist Hannah in our studio. These are beautiful! Urns have hand-fitted ceramic lids.

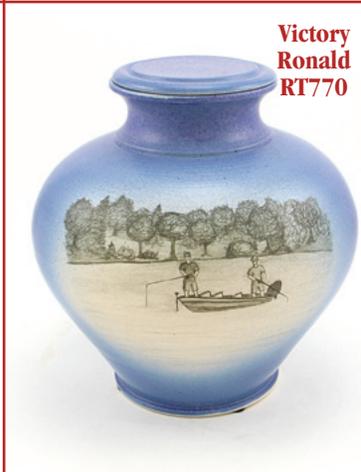

Victory urns are approximately 200 cubic inches in size. Dimensions and appearance may vary from piece to piece. Your satisfaction is guaranteed.

Hannah has created and sold over 7,000 urns.
