"The best fishing trip is not the one you can afford once.

It is the one you can repeat with your crew every year."

The Destination

You saw the video. Here is where the trip actually happens.

Where You Are

Los Barriles sits on Baja California Sur's East Cape, directly on the Sea of Cortez. It is home to Van Wormer Resorts, which spans the beachfront with two hotels - Hotel Palmas de Cortez and Hotel Playa del Sol. Here you'll experience serious boats, a short walk to the dock, dockside catch processing, and enough flexibility to build the trip around your crew's budget.

How You Get Here

Fly into Los Cabos International Airport (SJD) at San Jose del Cabo. Theresa at Baja Fishing Adventures handles your airport shuttle directly to your resort in Los Barriles. The private transfer will take about 1 hour 20 minutes. A private van keeps your crew and luggage together without the delays of a shared shuttle.

Why Anglers Know It

This is warm-water fishing on the Sea of Cortez: offshore targets include Trophy Yellowfin Tuna, Dorado (Mahi Mahi), Wahoo, Marlin, and Sailfish. Inshore, the East Cape is renowned for Roosterfish-fast, powerful predators that can sometimes be targeted directly from the beach when bait, season, and conditions align.

Your Daily Schedule

The reason to book this specific trip is the flow. You wake up, walk out of your room, and step directly down to the dock where your boat is waiting. You fish hard all morning, return back to the dock by 3:00 PM, hand off your catch to the dockside processors, and spend the rest of the afternoon soaking it in - cold drinks at the swim-up bar, your catch turned into poke, watching the rest of the fleet come in from the infinity pool, then dinner at the resort restaurant. Out again the next morning.

The Fleet & Lodging

Premium Cruisers

Reelz Up (36' Blackwatch) and El Regalo (35' Cabo)

These are serious offshore machines. Both feature twin diesel engines, live wells, tuna tubes, tournament tackle, outriggers, air conditioning, sound systems, and a head/shower. If you want maximum comfort while hunting trophy yellowfin, these are the boats.

Standard Cruisers

El Loco (33' Blackfin) and El Regalito (31' Bertram)

Roomy cockpits, elevated helms, and proven offshore hulls. These boats provide everything your crew needs to raise marlin and land massive mahi without breaking the bank. Fully equipped with tournament tackle and outriggers.

Where to Stay

Your package includes lodging at one of three options: Hotel Palmas de Cortez, Hotel Playa del Sol, or Casa Vieja Villas. All three put you within minutes of the dock.

Hotel Palmas de Cortez offers an ocean-view resort setting, multiple pools, and a swim-up bar. Hotel Playa del Sol provides a slightly more intimate poolside setting. Both allow you to leave your room and walk straight down to the boat waiting at the dock.

Casa Vieja Villas is a recently renovated 5-star retreat set on one acre of lush tropical gardens. Three separate 2 Bedroom, 2 Bath Casitas with in-unit kitchens, pool, hot tub, palapa pavilion, and Starlink internet. Only 5 minutes from the dock. Great for couples, families, or crews who want a private retreat. See Package C for pricing or visit bajafishingadv.com/casa-vieja-villas/ for full details.

Logistics & Booking

Fish Processing

According to the supplied pre-arrival note, Smokey's fish-processing staff, the same local business as Smokey's Bar & Grill, are on the dock when boats return. Ask for current prices for filleting, vacuum packing, freezing, and smoking before committing.

The processing operation opens at 8:00 a.m.; coordinate the processing and pickup schedule early enough to collect the fish on the way to the airport. The smokehouse can collect fish at the dock, clean or smoke it, vacuum-seal it, and prepare it for departure.

If your crew wants a restaurant to prepare part of the fresh catch for dinner, tell the deckhand before the fish is processed so the desired portion can be placed in a separate bag. Confirm preparation fees and side dishes directly with the chosen restaurant.

Budgeting Your Extras

While your package covers the core trip (boat, lodging, shuttle, taxes, gear), you should budget for the following extras:

- Crew Gratuities: Typically 15% of the confirmed charter price, paid in cash at the end of each fishing day.
- Bait: Allow approximately \$40-50 per person for a 3-day trip.
- Food & Drink: Budget \$25-30 per person for boat lunches/beer, and \$30-40 per person for dinners.
- Fishing Licenses: Required by Mexican law.

How to Book

We booked through Theresa at Baja Fishing Adventures. She doesn't disappear after you book. Every morning, she greets you like family and sends you off chasing trophy fish.
