MISSOURI CLARITY INITIATIVE

The Missouri Clarity Initiative

When learning is clear, outcomes improve.

Missouri Clarity Initiative is a statewide effort to make learning easier to understand for students, families, and educators.

Why It Matters

- Grades should show learning and progress, not just points
- Families should see exactly where students land on academic standards, from baseline to mastery.
- Students should see their growth and what's next
- Teachers need clarity, not more systems

What We're Building

- Clear learning communication
- Strong family-school partnership
- State-level collaboration
- Low or no-cost pilots

The Role of Academic Eye

Academic Eye is one tool being built to support this vision by connecting standards, grading, and progress into one clear system.

The initiative shapes the tool — not the other way around.

Join the Missouri Clarity Initiative

Show your support for
clearer learning in
Missouri.
