Thank you so much for the opportunity to share my message and story with you. Life rarely turns out like we planned it would, but I have learned so much on this journey. When unexpected challenges happen, many times the choice we have is our reaction to our circumstances. I am grateful for my faith, perseverance, positive attitude, and perspective. There are many challenges on my journey I could not control, medical, life, adoption, parenting, but I have learned to turn those challenges into opportunities and that everything we go through can be used for a purpose.

Please find below a summary of my books, my speaking topics, and proposed interview questions and answers. I look forward to connecting with you more and thank you again for your time and this opportunity to share my message with you. I am passionate about encouraging others based on the experiences and challenges I have positively persevered through.

Sincerely,

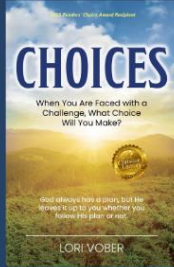

Lori Vober

LORI VOBER

Stroke Survivor . Author . Speaker

Life rarely turns out like we pictured it would and we all face unexpected challenges. We may not have control over the challenges, but we often have a choice on our reaction to those circumstances. Our story blooms from this amazing journey and what we learn as we persevere through it. I am passionate about encouraging others, both in my writing and speaking, based on what I have learned on my own personal journey of medical, life, adoption, and parenting challenges.

Lori suffered an intracerebral hemorrhagic stroke at age twenty-nine, and then developed epilepsy from the stroke. She is a walking miracle, and felt called to share her story, and her journey of faith and perseverance, to encourage others. Lori believes God has a plan for each of us, but life is about your choices! Even with her difficulties, Lori and her husband, Dainis, were able to become adoptive parents to a sibling group of three.

About The Author

Lori Vober and her husband Dainis reside in Goodyear, Arizona. Lori was born in Atlanta, Georgia, but considers Texas to be her home since she spent her high school and college years in the Lone Star State. She graduated from The University of Texas in Austin with a Bachelor of Business Administration in Marketing. Lori and Dainis met in Minnesota, when she was transferred there for her job after graduating from college. They were married in Texas in 1998, and lived in Minnesota for five years, before relocating to Arizona in 2003. They adopted a sibling group of three kids from Colombia, South America in 2011. Lori and Dainis are members of Mission Church, and Lori enjoys being an active part of their parent church's Women's Ministry at Desert Springs Community Church. She has had the blessed opportunity to serve as a weekly Bible study leader, and loves connecting with women each week.

Lori suffered an intracerebral hemorrhagic stroke at age 29, and then developed epilepsy due to the stroke. After a pre-diagnosis of ovarian cancer in 2022, Lori became an active volunteer at The Cancer Centers of America after surgery recovery and continues to find joy in supporting others, based on her own medical journey. She is a walking miracle, and felt called to share her story, and her journey of faith and perseverance, to encourage others.

Lori believes God has a plan for each of us, and her favorite verse is Jeremiah 29:11 NIV, "For I know the plans I have for you," declares the Lord, "plans to prosper you and not to harm you, plans to give you hope and a future." God has a plan for each of us, but leaves it up to us and our own free will to have a faith in Him and follow Him. That is why she titled her book *CHOICES: When You are Faced with a Challenge, What Choose Will You Make?*, which published March 2022 and has been connecting and encouraging others to choose to survive and thrive. Life is about your choices! Her book received the 2023 Reader's Choice Awards from The Christian Literary Awards in the categories of Christian Living and Testimonial.

By summer 2024, in addition to her own book titled *CHOICES*, she will be a published author in seven additional books as a compilation author.

Interview Questions for Lori Vober

- 1. What prompted you to write this book and share your story?** While leading my ladies through Bible Study on ZOOM during the fall 2020 and winter 2021, I clearly felt God prompt me to start writing and heard that small voice that reminded me that I was saved from a devastating stroke for a reason and had a story to share.
- 2. What are some of the challenges you have experienced?** Infertility, stroke, epilepsy from the stroke, job loss and cross country move six months after my stroke, recovery, adoption, parenting, homeschooling, and a pre-diagnosis of ovarian cancer as my book was launching.
- 3. Why did you title your book *Choices*?** We all face challenges in life and life rarely turns out like we pictured it would. When we face these challenges, we have a choice how we react to our circumstances.
- 4. What main message do you want your readers to grasp from reading your book?** I believe God has a unique plan for each of us but it is up to us whether we choose to follow Him and what our attitude is in our different circumstances. I have chosen to persevere with a positive attitude and hope the way I have handled my challenges is a hope and an encouragement to others. When we face difficult trials, we always have a choice of how we react and I am passionate about using the challenges I have experienced for a purpose.
- 5. Do you have a favorite Bible verse you tend to lean on? Jeremiah 29:11-13:** ¹¹ For I know the plans I have for you,” declares the LORD, “plans to prosper you and not to harm you, plans to give you hope and a future. ¹² Then you will call on me and come and pray to me, and I will listen to you. ¹³ You will seek me and find me when you seek me with all your heart. **Proverbs 19:21:** Many are the plans in a person’s heart, but it is the LORD’s purpose that prevails. **1 Thessalonians 5:16-18:** ¹⁶ Rejoice always, ¹⁷ pray without ceasing, ¹⁸ give thanks in all circumstances; for this is the will of God in Christ Jesus for you.
- 6. After going through the medical challenges of the stroke and epilepsy, why did you and your husband pursue an international adoption?** We had always supported kids through Compassion International and had been trying to start our own biological family when the stroke happened. We still had the heart to be parents but were concerned with my epilepsy and disability. Because of our love for international children from Compassion, we chose international adoption. We really wanted to give a forever home to a sibling group that may not ever have that opportunity and biblically believed in James 1:27: Religion that God our Father accepts as pure and faultless is this: to look after orphans and widows in their distress and to keep oneself from being polluted by the world.
- 7. How old were your kids when you adopted them?** 6, 8, and 10 years old – One boy and two girls

8. **What is your husband's name and how long have you been married?** Dainis and we will celebrate 25 years of marriage on March 28th. We were just shy of our fifth wedding anniversary when I had my massive stroke.
9. **How has your husband reacted to your medical challenges?** I always say now that I moved to Minnesota for my career but God moved me to Minnesota to match me with my Godly mate. I met Dainis at church, a month after his mom had passed away. She had battled hormonal cancer for sixteen years. We did not know it at the time what our future would hold but God did. He knew I would need a mate by my side that could handle my medical challenges and Dainis was already equipped from watching his dad take care of his mom while he was growing up. He is loving, patient, compassionate, and has stood by his wedding vows. He does a wonderful job supporting me, even when he doesn't understand.
10. **How have you handled the stressful situations, medical challenges, life challenges, parenting challenges, and still kept your marriage strong?** It is now always easy and like any couple, we have our disagreements. However, we respect each other and put our love and commitment for each other above any fight. We also have recognized how different we are and what helps to fulfill our needs. I am a people person and need emotional support. Dainis is an introvert and very black and white. Many things, like the challenges with the kids can't be fixed. The solution was a girlfriend mentor for me that I could just talk to. It is important to recognize your differences and work together.
11. **What have you learned through balancing your challenges, your kids and their challenges, and your marriage, that you would advise a newly married couple?** Put God first and make church a routine and a priority. Don't let the kids ever come in between you and always stand united as a team. Always keep date nights and celebrate your anniversary together. One day the kids will leave and you will be full circle again. Make sure you still know that person you married when that time comes because forever is a long time.
12. **What are your next steps in your writing journey?** I am finishing my second book now, which is a 31-day devotional based off my story and story by other authors displaying perseverance, a positive attitude, determination, and resiliency. I am also a contributing author to several compilations coming out in fall 2022, spring 2023, and winter 2024. My goal is to also continue sharing my story and experiences as a speaker. One day, I would love to start a podcast for the stroke community to have a place to share their stories.
13. **Did you always have a desire to write and publish a book?** No, my background is in marketing and sales. Writing my story started out an act of obedience but then turned into both a new passion, a time of healing, and a new purpose. This journey has brought me new friends, support, connections and taught me not to put God in a box but to always be ready and available to serve Him in the opportunities He presents to us. My newest

favorite Bible verse is now Proverbs 19:21 NIV ²¹ Many are the plans in a person's heart, but it is the LORD's purpose that prevails.

14. **Besides writing and taking care of the family, do you work outside of the home?** After healing from my hysterectomy, I volunteered several days a week at the Cancer Treatment Centers of America, where I had my surgery April 2022 after receiving a pre-diagnosis of ovarian cancer. It was discovered after surgery to be a benign cyst, and I am cancer free but had the blessing of supporting and connecting with patients and conducting a creative writing class to share my story, writing prompts, and how my writing has helped me in my journey. I am now leading several Bible studies, speaking at several stroke survivor support groups, and participating in functions with the Brain Injury Alliance Group. I believe mentorship and connection is important and supporting others when you have been on similar journeys. I am also working part-time as a Marketing Coordinator for a Christian Marketing and Publishing Company called A Higher Life to help new authors market their books.

15. **How can readers and listeners best connect with you?**
