 NOT REPEALED

3 **SEC. 2. CONGRESSIONAL FINDINGS.**

4 (a) FINDINGS RELATING TO FEDERAL INCOME  
 5 TAX.—Congress finds the Federal income tax—

6 (1) retards economic growth and has reduced  
 7 the standard of living of the American public;

8 (2) impedes the international competitiveness of  
 9 United States industry;

10 (3) reduces savings and investment in the  
 11 United States by taxing income multiple times;

12 (4) slows the capital formation necessary for  
 13 real wages to steadily increase;

14 (5) lowers productivity;

1           (6) imposes unacceptable and unnecessary ad-  
2           ministrative and compliance costs on individual and  
3           business taxpayers;

4           (7) is unfair and inequitable;

5           (8) unnecessarily intrudes upon the privacy and  
6           civil rights of United States citizens;

7           (9) hides the true cost of government by embed-  
8           ding taxes in the costs of everything Americans buy;

9           (10) is not being complied with at satisfactory  
10          levels and therefore raises the tax burden on law  
11          abiding citizens; and

12          (11) impedes upward social mobility.

13          (b) FINDINGS RELATING TO FEDERAL PAYROLL  
14          TAXES.—Congress finds further that the Social Security  
15          and Medicare payroll taxes and self-employment taxes—

16               (1) raise the cost of employment;

17               (2) destroy jobs and cause unemployment; and

18               (3) have a disproportionately adverse impact on  
19          lower income Americans.

20          (c) FINDINGS RELATING TO FEDERAL ESTATE AND  
21          GIFT TAXES.—Congress finds further that the Federal es-  
22          tate and gift taxes—

23               (1) force family businesses and farms to be sold  
24          by the family to pay such taxes;

1           (2) discourage capital formation and entrepre-  
2           neurship;

3           (3) foster the continued dominance of large en-  
4           terprises over small family-owned companies and  
5           farms; and

6           (4) impose unacceptably high tax planning costs  
7           on small businesses and farms.

8           (d) FINDINGS RELATING TO NATIONAL SALES  
9           TAX.—Congress finds further that a broad-based national  
10          sales tax on goods and services purchased for final con-  
11          sumption—

12           (1) is similar in many respects to the sales and  
13          use taxes in place in 45 of the 50 States;

14           (2) will promote savings and investment;

15           (3) will promote fairness;

16           (4) will promote economic growth;

17           (5) will raise the standard of living;

18           (6) will increase investment;

19           (7) will enhance productivity and international  
20          competitiveness;

21           (8) will reduce administrative burdens on the  
22          American taxpayer;

23           (9) will improve upward social mobility; and

24           (10) will respect the privacy interests and civil  
25          rights of taxpayers.

1 (e) FINDINGS RELATING TO ADMINISTRATION OF  
2 NATIONAL SALES TAX.—Congress further finds that—

3 (1) most of the practical experience admin-  
4 istering sales taxes is found at the State govern-  
5 mental level;

6 (2) it is desirable to harmonize Federal and  
7 State collection and enforcement efforts to the max-  
8 imum extent possible;

9 (3) it is sound tax administration policy to fos-  
10 ter administration and collection of the Federal sales  
11 tax at the State level in return for a reasonable ad-  
12 ministration fee to the States; and

13 (4) businesses that must collect and remit taxes  
14 should receive reasonable compensation for the cost  
15 of doing so.

16 (f) FINDINGS RELATING TO REPEAL OF PRESENT  
17 FEDERAL TAX SYSTEM.—Congress further finds that the  
18 16th Amendment to the United States Constitution should  
19 be repealed.
