

Working in the Home

Our cleaners need to be able to work without distractions. Every effort is made for our cleaners to work safely, but we cannot assume liability for the safety of others while cleaning your home. This includes children and pets. If our cleaners are not able to work without distractions that affect their ability to work in their normal speed, Awaken to Eco reserves the right to charge for the extra time spent in your home. If for any reason one of our staff feels that his or her personal safety is in danger, enough to leave the job site due to actions by a client, the client's guests or animals, that client will be liable for the full cost of the service.
